AIDS FOR THE DEAF

AN UNIQUE SERVICE

JOHN BELL & CROYDEN beg to remind those members of the Profession whose patients are in need of aids for better hearing of the service they offer in their Acoustic Department at 8 Welbeck Street, W. 1.

Instruments of all kinds, whether made in this country or abroad, are always in stock. Seven days *free trial* of all instruments is allowed *before purchase* without any obligation.

The name and reputation of the Firm is a guarantee of the quality of the goods, and the integrity of our methods.

Catalogues, and information regarding any NEW INSTRUMENTS will be gladly supplied on application.

The Journal of Laryngology and Otology

(Founded in 1887 by MORELL MACKENZIE and NORRIS WOLFENDEN)

EDITED BY
WALTER HOWARTH

ASSISTED BY
V. E. NEGUS AND F. W. WATKYN-THOMAS

1. Original Articles are accepted on the condition that they have not been published elsewhere.
2. Manuscripts should be typewritten, on one side only of the paper, and well spaced.
3. Galley proofs and engraver's proofs of illustrations are sent to the author. Corrections, which should be kept to a minimum, must be clearly marked and no additional matter should be added.
4. The order for reprints should be sent when returning galley proofs, and for this purpose special forms are supplied, on which the price of the reprints is stated.
5. Authors of Original Communications on Oto-Laryngology in other Journals are invited to send a copy, or two reprints, to the *Journal of Laryngology*. If they are willing, at the same time, to submit their own abstract (in English, French, Italian, or German) it will be welcomed.
6. Editorial Communications should be addressed to "EDITOR, *Journal of Laryngology*, c/o Messrs OLIVER AND BOYD, Tweeddale Court, Edinburgh."
7. The Annual Subscription is Forty Shillings, post free, and is payable in advance.
8. Single Copies of back numbers, both of the present and the previous series, are on sale at Four Shillings each.
9. An Annual Subscription can be commenced with any number of the Journal, and the preceding numbers of the current year can be purchased at Four Shillings each.

UNITED STATES OF AMERICA

Orders for this Journal, for single parts or yearly subscriptions, can be sent either through a local bookseller, or to Messrs G. E. STRECHERT & Co., 81-83 East 10th Street, New York.

CHEVALIER JACKSON'S INSTRUMENTS FOR ŒSOPHAGOSCOPY, LARYNGOSCOPY, AND BRONCHOSCOPY

New Models as made for Walter G. Howarth, F.R.C.S.

Each Instrument is made in accordance with the details of Chevalier Jackson's most recent models, and each is supplied with a *spare light carrier*, i.e., 2 light carriers and 2 lamps. All the models have been redesigned with a view to rendering them more easily cleansed; all the crevices and corners for the dirt have been taken away.

To ensure better visibility the tips of the forceps are *black*.

The Howarth-Jackson's Instruments are **less expensive** than other American or English models, and a further economy has been effected by rendering the instrument tips interchangeable, thus reducing the number of forceps handles and tips required.

The lamps are 2.5 volt and more durable than the usual models.

Manufactured only by

DOWN BROS., L^{TD}.

Seven Sound Reasons
why DOCTORS prefer

M^R.R.H.DENT'S
ARDENTE
FOR DEAF EARS

for their DEAF patients

1. It is fitted to suit the case.
2. It is simple and true-to-tone.
3. It removes strain, thus relieving head noises.
4. It conveys sounds from varying ranges and angles.
5. It leaves hands free.
6. It is suitable for "hard of hearing" or acutely deaf.
7. It is helpful for conversation, music, wireless, home, office, and public work.

Many DEAF DOCTORS use "ARDENTE"

"ARDENTE" STETHOSCOPE

Mr R. H. Dent makes a Stethoscope specially for members of the Medical Profession suffering from deafness. Many are in use, and excellent results are reported.

MEDICAL REPORTS

Commended by all leading medical journals.—
Mr Dent will be happy to send full particulars and reprints on request.
