

Contents of No. 264, March 1964

F. H. SMITH: A new incident illuminator for polarizing microscopes	page 725
J. L. JAMBOR and CHARLES H. SMITH: Olivine composition determination with small-diameter X-ray powder cameras	730
F. P. AETERBERG: Statistical analysis of X-ray data for olivine	742
PA HO HSU and THOMAS F. BATES: Formation of X-ray amorphous and crystalline aluminium hydroxides	749
N. JOEL: A stereographic construction for determining the optic axes of a biaxial crystal directly from a few extinction measurements	769
F. E. TOCHER: Direct stereographic determination of optic axes from a few extinction measurements: a progressive elimination technique	780
W. E. FRASER and G. DOWNIE: The spectrochemical determination of feldspars within the field microcline-albite-labradorite	790
DUNCAN McCONNELL: A zinc phosphate analogue of analcime: kehoecite	799
W. M. LOBJOIT: Kyanite produced in a granitic aureole	804
C. H. KELSEY: The calculation of errors in a least squares estimate of unit-cell dimensions	809
W. J. DUFFIN: Plagioclase reactions	812
T. W. BLOXAM: Hydrogrossular from the Girvan-Ballantrae complex, Ayrshire	814
R. G. J. STRENS: Magnetite colloid in ore mineralogy	815
Book Reviews	817

General Notices

Candidates for Election as Ordinary Members should obtain a nomination form from the Secretary, *Mineralogical Society*, 41 Queen's Gate, London S.W. 7. Candidates must be proposed by two members of the Society, one, at least, of whom shall have personal knowledge of the candidate. There is an entrance fee of one pound (£1) and the annual subscription is three pounds, ten shillings (£3. 10s.); the latter can be compounded for by a single payment of sixty pounds (£60). New Members, on the payment of their first subscription, receive all the numbers of the Magazine and of Mineralogical Abstracts for the year for which the subscription is paid.

There are at least four meetings of the Society each year, on Thursdays, in January, March, June, and November. They are held (by kind permission) in the apartments of the Geological Society, Burlington House, Piccadilly, London W. 1. Titles of papers to be read at these meetings, with a view to subsequent publication in the Magazine, and of exhibits, should be sent with a short abstract to the Secretary at least *four* weeks before the meeting. Authors alone are responsible for the views set forth in their respective papers. They are allowed, free of charge, fifty separate copies of their papers published in the Magazine. Authors are advised to consult the Notes for the Guidance of Authors (obtainable free of charge from the Society's office) before submitting papers.
