Physician, Hightown House, Haltwhistle, Northumberland.

Just Published, in crown 8vo., Price 6s. cloth.

**A MANUAL OF ANTHROPOLOGY or SCIENCE of
MAN, based on Modern Research. By CHARLES BRAY, Author of 'The Philosophy
of Necessity,' 'On Force and its Mental Correlates,' &c.**

"This work covers a very wide field," *Lancet*. "This strange and clever book," *Land
and Water*. "Of a truly interesting character," *Scientific Review*. "Should certainly
be read," *Quarterly Journal of Science*. "And will repay perusal," *Westminster Re-
view*. "The style is eminently popular," *Examiner*. "Is distinguished for fullness as
well as thoughtfulness," *British Controversialist*. "Entertaining as a novel," *Free-
light*. "Is a far wiser book than that 'Constitution of Man,' which made Combe so
famous for years," *The Reasoner*.

"Its great aim is to bring the study of man out of the uncertain light of fancy and
speculation, metaphysical or otherwise, within the scope of scientific inquiry," *Journal
of Mental Science*.

LONDON: LONGMANS, GREEN, and CO., Paternoster Row.

Price 1s. 6d. Monthly.

ON THE SCIENTIFIC VALUE OF THE LEGAL

**TESTS OF INSANITY, a Paper read before the Metropolitan Counties Branch
of the British Medical Association. By J. RUSSELL REYNOLDS, M.D.,
F.R.S., Professor of Medicine in University College, Physician to University
College Hospital, Examiner in Medicine to the University of London.**

J. and A. CHURCHILL, New Burlington-street.

Now ready, 8vo., 14s.

ILLUSTRATIONS OF THE INFLUENCE OF THE
MIND UPON THE BODY IN HEALTH AND DISEASE, designed to elucidate
the Action of the Imagination. By DANIEL HACK TUKE, M.D., formerly
Visiting Medical Officer to the York Retreat.

"Towards a sound and rational system of applying this potent agency in nature (the attention) one of the most valuable of recent contributions will be found in the carefully compiled work of Dr. Tuke."—*Saturday Review*.

"Our present article is to recommend Dr. Tuke's book, and especially the portion of it which treats of psycho-therapeutics, to the study of our readers."—*Med. Times and Gaz.*

J. and A. CHURCHILL, New Burlington-street.

Now ready, 8vo., 6s.

ON CEREBRIA AND OTHER DISEASES OF THE
BRAIN. By CHARLES ELAM, M.D., Lond., F.R.C.P., Assistant Physician to
the National Hospital for Paralysis and Epilepsy.

J. and A. CHURCHILL, New Burlington-street.

DR. DAVEY ON THE GANGLIONIC NERVOUS SYSTEM.

Vol. 1., 8vo., pp. 309.

THE GANGLIONIC NERVOUS SYSTEM: Its
STRUCTURE, FUNCTIONS, and DISEASES. By JAMES GEORGE DAVEY,
M.D., Member of the Royal College of Physicians, London; formerly Medical
Superintendent of the Asylums at Hanwell and Colney Hatch, Middlesex.

"An interesting and important work. * * * The work is full of interesting and original matter, and will amply repay perusal."—*JOURNAL OF MENTAL SCIENCE*.

"We give Dr. Davey credit for considerable argumentative acumen: he writes with force and clearness."—*MEDICAL CIRCULAR*.

"We can safely recommend its perusal."—*DUBLIN MEDICAL PRESS*.

"An instructive and suggestive book. * * * * A valuable contribution to medical literature."—*HYDROPATHIC RECORD*.

"A volume of peculiar interest to medical and psychological readers."—*LEADER*.

"A work full of the most suggestive and original thought. * * * Dr. Davey has most clearly appreciated the functions of the organic nervous centres, and has described his views in a volume which, when the *jealousies, prejudices, and ignorances* that always beset the present, concerning the present, have passed away, will be discovered by some future and unbiassed scholar as a *neglected classical work of the physis of the nineteenth century*."—B. W. RICHARDSON, M.A., M.D., F.R.S., President of the St. Andrew's Medical Graduates' Association (See Vol. 3, Transactions, 1869).

By the same Author, post 8vo., pp. 77, cloth, 3s.

ON THE NATURE AND PROXIMATE CAUSE OF INSANITY.

"It gives us much pleasure to state that the method of treatment inculcated is most judicious, and that the general statements which pervade the work are such as to do honour to the head and heart of the writer."—*PSYCHOLOGICAL JOURNAL*.

"The views themselves are, *practically*, of great importance, and we have much pleasure in urging them upon the attention of our readers."—*HALF-YEARLY ABSTRACT OF MEDICAL SCIENCES*.

London: J. and A. CHURCHILL, New Burlington-street.
