

# Comparative Constitutional Law and Policy

Comparative constitutional law is an intellectually vibrant field that encompasses an increasingly broad array of approaches and methodologies. This series collects analytically innovative and empirically grounded work from scholars of comparative constitutionalism across academic disciplines. Books in the series include theoretically informed studies of single constitutional jurisdictions, comparative studies of constitutional law and institutions, and edited collections of original essays that respond to challenging theoretical and empirical questions in the field.

## Series Editors:

**Tom Ginsburg** (*University of Chicago*), **Zachary Elkins** (*UT Austin*),  
and **Ran Hirschl** (*University of Toronto*)
