After this article was published in the October issue of *Journal of Materials Research*, the authors noticed errors in the placement of bars above two vectors in

Table III. In the left column under  $\bar{g}/\bar{b}$ , the final two entries should be  $\bar{1}2\bar{1}3$  and  $2\bar{1}\bar{1}3$ , rather than  $\bar{1}\bar{2}\bar{1}3$  and  $2\bar{1}\bar{1}3$ . The corrected table is shown below.

TABLE III. Table of  $\bar{g} \cdot \bar{b}$  products utilized for analysis of dislocations in this study.
