THE JOURNAL

The Journal of the Australian Mathematical Society began publication in 1959, and from 1975 appears in two series, Series A (Pure Mathematics) and Series B (Applied Mathematics). Information about Series B may be found on the inside back cover.

SERIES A PURE MATHEMATICS

Two volumes of four parts are published annually at a price of A \$36 per volume, in 1976. Manuscripts for publication (two copies) should be accompanied by an abstract and sent to the Editor or to the appropriate Associate Editor. Authors are asked to follow the instructions in the American Mathematical Society publication: *A manual for authors of mathematical papers* except as indicated on the back cover of this Journal.
