

[Continued from p. iv of wrapper]

The occurrence of $\alpha$ -amino-isobutyrate in sheep digesta. By D. G. HARRISON, D. E. BEEVER and D. J. THOMSON	16A
Some observations on the metabolism of $\alpha$ - $\beta$ -diaminopropionic acid in sheep. By V. C. MASON and F. WHITE	17A
Methods of measuring flow of duodenal digesta in sheep. By D. A. CORSE and J. D. SUTTON	18A
The effect of nematode parasitism on intake, growth and mineral metabolism of growing lambs. By A. E. REVERON, J. H. TOPPS and G. PRATT	19A
Effects of high levels of dietary sulphate on voluntary feed intake of sheep. By P. K. UPTON and J. L. L'ESTRANGE	20A
Effects of dietary hydrochloric and sulphuric acids on voluntary feed intake and metabolism of sheep. By J. L. L'ESTRANGE and F. MURPHY	21A
Transfer of metabolites between sheep by cross-circulation dialysis as a means of studying chemostatic control of voluntary food intake in ruminants. By J. M. FORBES	22A
Voluntary intake and energy metabolism of sheep fed chopped dried grass and the same material milled and pelleted. By F. W. WAINMAN, J. S. SMITH and K. L. BLAXTER	23A
The oesophageal groove reflex and the performance of individually versus group-fed lambs. By M. J. LAWLOR, J. K. KEALY and S. P. HOPKINS	24A
The effect of protein supplementation via the abomasum on the voluntary intake of concentrate by young growing sheep. By E. R. ØRSKOV, C. FRASER and ELIZABETH L. CORSE	25A
The subsequent effects of removing the large intestine from newborn pigs By A. W. WILKINSON and R. A. McCANCE	26A
Activity of drug-metabolizing enzymes in the liver of growing rats fed on diets high in sucrose, glucose, fructose or an equimolar mixture of glucose and fructose. By J. W. T. DICKERSON, T. K. BASU and D. V. PARKE	27A
The effects of duodenal infusions of sunflower oil on the yield and fatty acid composition of milk fat in the cow. By R. BICKERSTAFFE and E. F. ANNISON	28A
The digestion and absorption of carbohydrates in chicks infected with intestinal coccidiosis. By A. H. SYKES and J. WALTERS	29A
Gaseous nitrogen evolution by animals? A study of nitrogen retention by rats and chicks. By M. LEWIS and R. A. EVANS	30A
Body-weight and its adipose tissue component. By J. V. G. A. DURNIN and J. WOMERSLEY	30A
Infant feeding patterns and social class. By ALISON E. BLACK	30A
A comparison of the calcium and phosphorus availability in a diet fed to both the rat and the pig. By C. T. WHITTEMORE, A. THOMPSON and W. C. SMITH	32A
Energy retention in the pig at several environmental temperatures and levels of feeding. By W. H. CLOSE and L. E. MOUNT	33A
The effect of ligating the pancreatic duct on digestion in the pig. By D. M. ANDERSON and R. W. ASH	34A
The effect on glucose entry rate of abomasal protein infusion in sheep. By D. B. LINDSAY and R. L. WILLIAMS	35A
An assessment of the nutritional status of the lactating beef cow. By S. ECONOMIDES, T. B. MILLER, J. H. TOPPS, A. L. GELMAN and D. G. KEITH	36A
Milk-fat synthesis in cows fed high-roughage and low-roughage diets. By R. BICKERSTAFFE, D. E. NOAKES, E. F. ANNISON and J. L. LINZELL	37A

## INDEX OF AUTHORS

Andah, D. O. . . . .	11A	Harrison, D. G. . . . .	14A, 15A, 16A	Payne, P. M. . . . .	8A

# Proceedings of the Nutrition Society

CONTENTS OF VOL. 30, No. 1, MAY 1971

## SYMPOSIUM PROCEEDINGS

### *Two Hundred and Twenty-fifth Scientific Meeting* SHORT-TERM RESPONSES TO THE INGESTION OF FOOD

Problems caused by variation in food intake in experiments on protein and nucleic acid metabolism. By J. K. CHESTERS .....	1
Movements of ammonia following intraruminal administration of urea or casein. By MARGARET I. CHALMERS, ALICE E. JAFFRAY and F. WHITE .....	7
Some aspects of the digestion of proteins. By J. W. G. PORTER and B. A. ROLLS .....	17
Short-term hormonal responses to oral glucose in normal and abnormal energy metabolism. By JOYCE D. BAIRD .....	26
The rate of carbohydrate fermentation in the rumen. By J. D. SUTTON .....	36
Response of the liver to protein feeding. By A. FLECK, W. H. WUNNER, A. R. HENDERSON, FIONA C. BALLANTYNE and W. J. TILSTONE .....	42

### *Two Hundred and Twenty-sixth Scientific Meeting* SECOND DRUMMOND MEMORIAL LECTURE

Vitamin D: new findings on its metabolism and its role in calcium nutrition. By D. E. M. LAWSON ..	47
--	----

### *Two Hundred and Twenty-seventh Scientific Meeting* PROBLEMS IN THE ASSESSMENT OF NUTRIENT REQUIREMENTS

Chairman's introduction. By D. P. CUTHBERTSON .....	59
Endogenous losses of nutrients. By A. T. PHILLIPSON .....	61
Problems in the assessment of vitamin deficiency. By R. H. GIRDWOOD .....	66
Problems in formulating simple recommended allowances of amino acids for animals and man. By K. J. CARPENTER .....	73
Problems in the determination of the trace element requirements of animals. By C. F. MILLS and R. B. WILLIAMS .....	83
Genetic variation in mineral metabolism of ruminants. By GERALD WIENER .....	91

## ABSTRACTS OF COMMUNICATIONS

### *Two Hundred and Twenty-Fourth Scientific Meeting*

The physical form of a barley grain and barley straw diet and nitrogen metabolism in sheep. By P. JACKSON, J. A. F. ROOK and K. G. TOWERS .....	1A
Relationship between the pattern of ruminal fermentation and the flow of materials to the duodenum in sheep receiving a diet of barley, flaked maize and ground hay. By M. ISHAQUE, P. C. THOMAS and J. A. F. ROOK .....	1A
The effects of diet and pentagastrin on the influx of urea into the rumen of sheep. By C. J. F. HARROP and A. T. PHILLIPSON .....	3A
The energy cost of a task after the ingestion of protein, fat or carbohydrate. By R. GOLDSMITH, G. S. RIDDELL, J. F. RUSSEL, MADELINE M. SAWYER and R. B. SMITH .....	4A
Protein nutrition and drug-metabolizing enzymes in the liver of the growing rat. By J. W. T. DICKERSON, T. K. BASU and D. V. PARKE .....	5A
A rat model for the study of compensatory growth. By A. M. STEWART .....	6A
The implication of ruminal thiaminase in cerebrocortical necrosis. By E. E. EDWIN and GWYNETH LEWIS .....	7A
Protein requirements of growing lambs. By J. L. BLACK .....	7A
Effects of the fenfluramine derivative 'S992' on body-weight and blood lipids in man. By G. L. S. PAWAN, P. M. PAYNE and E. C. SHELDRIK .....	8A
An experimental study on the variability of measurements of skinfold thicknesses by three observers on twenty-three young women and twenty-seven young men. By J. V. G. A. DURNIN, W. H. ARMSTRONG and J. WOMERSLEY .....	9A
Absorption of glucose and vitamins of the B complex by germ-free and conventional chicks. By D. J. FORD and MARIE E. COATES .....	10A
Plasma amino acid patterns of growing pigs given barley diets supplemented with fish meal. By D. O. ANDAH and A. G. CHAMBERLAIN .....	11A
An apparent synergy between copper sulphate and Payzone in improving the performance of growing pigs. By R. BRAUDE, K. G. MITCHELL and R. J. PITTMAN .....	11A
Lipoprotein lipase activity in the adipose tissue of rats fed sucrose or starch. By D. J. NAISMITH and N. A. KHAN .....	12A

### *Two Hundred and Twenty-eighth Scientific Meeting*

The effect of leuco-anthocyanins in sainfoin ( <i>Onobrychis viciifolia</i> Scop.) on the availability of protein to sheep and upon the determination of the acid detergent fibre and lignin fractions. By D. F. OSBOURN, R. A. TERRY, S. B. CAMMELL and G. E. OUTEN .....	13A
The digestion of dried lucerne ( <i>Medicago sativa</i> L.) and dried sainfoin ( <i>Onobrychis viciifolia</i> Scop.) by sheep. By D. J. THOMSON, D. E. BEEVER, D. G. HARRISON, I. W. HILL and D. F. OSBOURN .....	14A
The supplementation of a low-nitrogen hay with urea and its effect on nitrogen transformations within the alimentary tract of adult sheep. By D. E. BEEVER, D. G. HARRISON, D. J. THOMSON and D. F. OSBOURN .....	15A
