ESSAYS ON THE ARTS AND THE  
HISTORY AND PHILOSOPHY OF MEDICINE

by *FELIX MARTI-IBÁÑEZ, M. D.*

*Editor-in-Chief of the Medical Newsmagazine, MD;  
Former Professor and Chairman, Department of the,  
History of Medicine, New York Medical College*

This new collection of articles and essays traverses the vast expanse of human experience to present a fresh and exciting view of the world of medicine and the arts. **ARIEL: ESSAYS ON THE ARTS AND THE HISTORY AND PHILOSOPHY OF MEDICINE** combines new concepts, original observations, and imaginative thinking in a book that will give many hours of reading pleasure. One of the outstanding features of this collection of 42 essays and articles is the inclusion of the author's 13 original expanded versions of his introductions to the installments of **THE EPIC OF MEDICINE**, which originally appeared in the medical newsmagazine, *MD*. As a unit they provide a dramatic and cogent preface to the history of medicine. The other essays and articles in this volume cover a wide range of both historical and contemporary subjects.

**ARIEL** is a book for those who choose to explore the wondrous paths of the human mind. It is a book for physicians, philosophers, sociologists, educators, students—all who know the excitement of discovery and seek new ideas. 292 PAGES/CLOTH BOUND/\$6.50
