Offices and Works : BRISTOL, ENGLAND

BUILDERS OF

The "Bristol" Aeroplanes.

The Celebrated

"BRISTOL" BIPLANES

have been selected by the

British Army and Russian Army

FOR THE USE OF THEIR AIR BATTALION

FLYING SCHOOLS : SALISBURY PLAIN AND BROOKLANDS

LONDON : PRINTED AND PUBLISHED FOR THE AËRONAUTICAL SOCIETY OF GREAT BRITAIN BY
VACHER & SONS, LTD., WESTMINSTER HOUSE, S.W.

TO AVIATORS

LUBRICATION is one of the most important factors in the safety and success of an **Aviator**, and the best obtainable quality should invariably be chosen. During the **Flying Seasons 1909, 1910**, the whole of the **World's Records** made in England, and all of the **British Records** (with two exceptions) were accomplished by users of

WAKEFIELD MOTOR OIL

PETROL ECONOMY with INCREASED POWER

Obtained by using a **MILLS PETROL ECONOMISER & FILTER** in place of the existing Jet in your Carburettor.

Saves buying a New Carburettor—Prevents Carbonization of Valves and Pistons—Dispenses with Trouble of Choked Jet owing to Filter—Cures Engine Knocking.

CLAIMS.

50% Increase in Mileage per gallon.

10% Increase in Power.

Easier Starting.

Quick Acceleration, &c.

Economiser delivering fine spray, being rapid vapourization gives quicker firing mixture.

Ordinary jet delivery of heavy petrol, slow firing and wasteful.

GUARANTEE.

The cost of Economiser will be refunded if the same fails to improve the running of your engine.

ADAPTABLE FOR ALL TYPES OF CARBURETTORS, being made in any length and diameter.

TOOLS FOR FITTING SUPPLIED FREE.

SEE WHAT OTHERS SAY BEFORE YOU ORDER.—A copy of particulars will give you full details and how to fit; also some of the unsolicited testimonials from highly satisfied clients stating the results of using, which more than substantiate the claims made. You will then agree that **PERFECT CARBURATION HAS BEEN SOLVED BY—**

ELEMENTARY AERONAUTICS

OR
The Science and Practice of Aerial Machines

By A. P. THURSTON, B.Sc., Lecturer in Aeronautics, East London College; Member of
 Aeronautical Society of Great Britain

CONTENTS—Normal and Inclined Planes—Aerocurves—Automatic Longitudinal Stability and Manual and Automatic Control—Automatic Lateral Stability—Propellers—Helicopters—Calculations Relating to the Design of a Flying Machine—Laboratory Instruments and Apparatus—Types of Machines—Aeronautical Engines

“It is the clearest exposition that there has yet been in anything like equally concise form. Mr. Thurston has done a very useful work in thus making a necessarily difficult subject not only clear but actually interesting to the beginner.”—*Morning Post*.

BURBERRYS AVIATION OUTFIT.

Write for
 Brochure V.
 Burberry for
 Aeroplaning
 and patterns
 of Gabardine
 Post Free.

“GABARDINE” (Regd. Trade Mark) is
 only obtainable in Burberry Garments, all
 of which are labelled “BURBERRYS.”

DESIGNED under the direction of expert aviators
 conversant with all requirements and the most
 practical methods of satisfying them.

WORKMANLIKE, this Burberry outfit combines
 perfect protection with absolute freedom. It is
 proof against rain and cold winds; yet maintains
 the natural ventilation; remarkably lightweight,
 yet owing to closeness of weave so tough and
 durable that even broken stays cannot penetrate
 its dense texture.

GABARDINE—the material worn by Sir E.
 Shackleton during his heroic dash to the South
 Pole as a protection against wind and cold—is used
 for the outer fabric with a lining throughout of
 quilted Eiderdown or Camel Fleece, which main-
 tains phenomenal warmth under the most severe
 conditions.

*“I take this opportunity of thanking you for the suit
 I wore on my memorable flight, and feel I cannot re-
 commend the material too highly where warmth and
 comfort are required.”*

C. GRAHAME-WHITE.

BURBERRYS The Haymarket, S.W. LONDON
