I certify that the statements made by me above are correct and complete. William M. Breichner, Production Manager.

New from Carnegie Endowment

Aiding Democracy Abroad: The Learning Curve *Thomas Carothers*

“Supporting democratic transitions around the world is one of the defining challenges of our time. At last we have a comprehensive account of the state of the art in democracy promotion. With his incisive powers of observation and formidable analytic skills, Carothers is the ideal guide. This is a landmark book, of tremendous value to all those concerned with democracy’s future.”

—George Soros

“Without doubt the best book on the \$500-million-a-year democracy

promotion industry. Grounding his arguments in detailed research and explicating them in lucid prose, Carothers charts a path between the prodemocracy romantics on the one hand and the unwarranted skeptics on the other... He shows persuasively that strategies of democracy assistance need to be more attuned to the realities of power and interest in transitional states.”

—Jack Snyder, Columbia University

“A powerfully argued book, rich with useful information and sharp analysis.... Carothers presents a blow-by-blow account of U.S. attempts to promote democratic government abroad, using four elegantly sketched case studies. He reveals how simplistic assumptions and a poor understanding of local contexts on the U.S. side have often caused these well-meaning initiatives to fail. But he also answers the all-out skeptics of democracy aid, arguing not only that U.S. policy in this area can continue to improve but that it is actually improving.”

—Stephen Holmes, Princeton University

ERIC STEIN

Thoughts from a Bridge

A Retrospective of Writings on New Europe and American Federalism

WITH A PREFACE BY JOSEPH H. H. WEILER

Looking at European integration from the perspective of the American experience with federalism, Stein offers a unique understanding of the forces propelling and restraining European union.

cloth \$59.50

RAPHAEL COHEN-ALMAGOR, EDITOR
Liberal Democracy and the Limits of Tolerance

Essays in Honor and Memory of Yitzhak Rabin

The contributors to this volume explore a dilemma: the need to impose limits on democracy, liberty, and tolerance in order to ensure the survival of the societies that cherish those values.

cloth \$54.50, paper \$24.95

JACOB SHAMIR AND MICHAL SHAMIR
The Anatomy of Public Opinion

Using Israeli public opinion on issues of peace and terrorism as a case study, the authors explore the process by which public opinion is formed and changed.

cloth \$52.50

ROBERT M. HAYDEN
Blueprints for a House Divided
The Constitutional Logic of the Yugoslav Conflicts

Combines constitutional and cultural analysis in exploring the circumstances of the crises that have consumed Yugoslavia since 1989.

cloth \$39.50

DUSAN SIDJANSKI
The Federal Future of Europe
From the European Community to the European Union

A study of the formation of the original European Community and the dynamics of the process of integration that have brought the Union to its current state.

cloth \$65.00

GRZEGORZ EKIERT AND JAN KUBIK
Rebellious Civil Society

Popular Protest and Democratic Consolidation in Poland, 1989-1993

An analysis of the role of protest movements in Poland after the fall of communism.

cloth \$54.50

PATRICIA A. DAVIS
The Art of Economic Persuasion
Positive Incentives and German Economic Diplomacy

Using the process of German-Polish reconciliation as a case study, Davis examines the means by which a government can use economic incentives to enhance its foreign policy goals.

cloth \$47.50

PAUL KUBICEK
Unbroken Ties

The State, Interest Associations, and Corporatism in Post-Soviet Ukraine

Explores the relationship between a weak civil society in the Ukraine and the resulting failure of transition to democracy and a market economy.

cloth \$49.50

TIMOTHY FRYE
Brokers and Bureaucrats
Building Market Institutions in Russia

Investigates Russia's transition from a command to a market economy, testing theories of institutional performance, the formation of markets, and the source of legal institutions in the postcommunist world.

States and Power in Africa

Comparative Lessons in
Authority and Control

Jeffrey Herbst

Theories of international relations, assumed to be universally applicable, have failed to explain the creation of states in Africa. In his groundbreaking book, Jeffrey Herbst places the African state-building process in a truly comparative perspective, examining the problem of state consolidation from the precolonial period, through the interlude of European colonialism, to the modern era of independent states. Herbst puts forth a bold contention that the conditions now facing African state-builders existed long before European penetration of the continent.

"An original and intriguing book. . . . Herbst's argument is provocative and lucidly presented."

—Robert H. Bates, Harvard University

The Globalization Syndrome

Transformation and Resistance

James H. Mittelman

Here James Mittelman explains the systemic dynamics and myriad consequences of globalization. *The Globalization Syndrome* is among the first books to present a holistic and multilevel analysis of globalization, connecting the economic to the political and cultural, joining agents and multiple structures, and interrelating local, regional, and global arenas.

"An impressive book, both for its theoretical interest and its depth of empirical research. James Mittelman's work is distinctive in treating globalization from the standpoint of those who are impacted by it, and especially those who are hurt by it."

—Robert W. Cox, York University
