The China Tangle

By **Herbert Feis**

Why did we fail in our attempt to build a free, united, and independent China? One of the most explosive controversies in American and world politics is here examined with uncompromising objectivity by the distinguished author of *The Road to Pearl Harbor*. Mr. Feis sets down the facts and lets the record speak for itself. His account carries exceptional authority because of his access to State Department records and the Hyde Park papers.

The Origins of Soviet-American Diplomacy

By **Robert Paul Browder**

An absorbing narrative of the events which led up to the dramatic arrival of Litvinov in Washington in 1933, and of the collapse into discord and disillusion which was to follow. This first full-length account of the negotiations presents a new picture of the pressures that existed for and against diplomatic recognition of the Soviet Union.
