European Journal of Sociology publishes original articles of broad interdisciplinary scope and the highest quality research in historical and comparative sociology. The journal has a strongly international perspective and now publishes a third issue every year exclusively devoted to state-of-the-art surveys, the elucidation of central concepts and review essays which explore key topics with reference to the most relevant recent publication.

British Journal of Political Science is a broadly based journal aiming to cover developments across a wide range of countries and specialisms. Contributions are drawn from all fields of political science (including political theory, political behaviour, public policy and international relations), and articles from scholars in related disciplines (sociology, social psychology, economics and philosophy) appear frequently.

Sharon Wright, University of Stirling, UK

Social Policy and Society is an international journal sponsored by the UK Social Policy Association. Its intended audience are social policy specialists and practitioners, although those within the other social science related fields, particularly sociology, politics and economics will find much of interest to them. It brings discussion of contemporary social policy issues to a wider audience and provides a valuable teaching and research resource to the worldwide social and public policy community.
