TABLE OF CONTENTS

	PAGE
I.— <i>Maumbury Rings, Dorchester: The Excavations of 1908–1913.</i> By RICHARD BRADLEY, <i>Esq., B.A.</i>	I
II.— <i>A Technical Study of the Designs on the British Mirror Series.</i> By P. R. LOWERY, <i>Esq.</i> , R. D. A. SAVAGE, <i>Esq.</i> , and R. L. WILKINS, <i>Esq., F.S.A.</i> .	99
III.— <i>The Excavation of the Roman Amphitheatre at Chester.</i> By F. H. THOMPSON, <i>Esq., M.C., M.A.</i> , with appendices contributed by NIGEL J. SUNTER, <i>Esq., B.Arch., R.I.B.A.</i> and O. J. WEAVER, <i>Esq., M.A., F.S.A.</i>	127
IV.— <i>Shale and Jet Objects from Silchester.</i> By ANDREW J. LAWSON, <i>Esq., M.Sc.</i>	241
V.— <i>The Silchester Church: The Excavation by Sir Ian Richmond in 1961.</i> By PROFESSOR S. S. FRERE, <i>M.A., F.B.A., F.S.A.</i>	277
VI.— <i>Sword Rings and Beads.</i> By VERA I. EVISON, <i>B.A., D.Lit., F.S.A.</i>	303
VII.— <i>Two Studies in the History of the Tower Armouries.</i> By ALAN BORG, <i>Esq.,</i> <i>M.A., Ph.D., F.S.A.</i>	317
<i>Index</i>	353

LIST OF ILLUSTRATIONS

PAGE

MAUMBURY RINGS, DORCHESTER: THE EXCAVATIONS OF 1908-1913:

FIG. 1. Location plan showing Maumbury Rings in relation to nearby sites discussed in text	1
FIG. 2. General site plan showing the areas excavated 1908-13	3
FIG. 3. General plan of the Neolithic henge monument showing the extent of excavation	9
FIG. 4. Profiles of the Neolithic shafts and reconstructed section of the bank	13
FIG. 5. The depth distribution of artifacts in the Neolithic shafts	21
FIG. 6. Neolithic sherds and worked flints from the excavation	23
FIG. 7. Neolithic chalk objects from the excavation	26
FIG. 8. Possible layouts of the Neolithic shafts	31
FIG. 9. General plan of Roman features of all phases, with location of sections and detailed plans <i>facing</i>	38
FIG. 10. Key sections showing primary and secondary layouts	40
FIG. 11. General plan of primary Roman features with location of sections and detailed plans <i>facing</i>	40
I. <i>a</i> and <i>b</i> . Maumbury Rings under excavation (taken from the south ramp looking towards the town). <i>c</i> . Partial section of the bank, 1908 excavation.	
II. <i>a</i> and <i>b</i> . Area excavation on the west perimeter of the enclosure.	
III. <i>a</i> . General view of Roman post trenches and Neolithic shaft showing technique of excavation. <i>b</i> . Shafts 10 and 11 under excavation.	
IV. <i>a</i> . Shaft 15 partly excavated. <i>b</i> . Shaft 6 fully excavated with abandoned workman. <i>c</i> . Shaft 9: detail of bottom.	
V. <i>a</i> . Partial section of earthwork, showing Neolithic bank, Roman addition, intrusion sealed by turf line, and post-medieval ditch. <i>b</i> . Deposit of used and unused antler in the filling of shaft 10.	} <i>following</i> 40
VI. <i>a</i> . Partial section of bank showing feature sealed by turf line and possible turf kerb. <i>b</i> . West perimeter with Roman post trenches cutting the upper filling of the Neolithic shafts.	
VII. <i>a</i> . Roman post trenches cutting the upper filling of the Neolithic shafts sealed by a partial section of a post-medieval ramp. <i>b</i> . Roman northern entrance ramp cut by post-medieval trench.	
VIII. <i>a</i> . West area of northern entrance showing post pits, post trenches, 'path', and stone 'pedestal'. <i>b</i> . West perimeter with Roman post trenches, arena wall, and struts.	

IX. <i>a.</i> West perimeter with Roman post trenches, arena wall, and struts. <i>b.</i> General view of the east recess, the arena wall, and the east ramp.	} following	40	
X. <i>a.</i> West perimeter with Roman post trenches cutting the upper filling of the Neolithic pits, west recess, and west ramp. <i>b.</i> Southern recess and southern entrance sealed by post-medieval ramp.			
XI. <i>a.</i> Detail of west recess showing internal post trench. <i>b.</i> Chalk-cut niche within west recess.			
XII. <i>a.</i> East area of northern entrance showing excavated post holes cutting chalk silts. <i>b.</i> Western area of northern entrance with ?consolidated filling in section.			
XIII. <i>a.</i> Southern entrance looking towards south recess and arena. <i>b.</i> Section of intercutting Roman post trenches on east perimeter.			
XIV. <i>a.</i> Detail of west stone 'pedestal' in northern entrance. <i>b.</i> Roman burial A in northern entrance. <i>c.</i> Roman burial C outside northern entrance.			
XV. <i>a.</i> Roman burial B in northern entrance. <i>b.</i> Post-medieval burials sealed by the west ramp and overlying Roman strut hole. <i>c.</i> Post-medieval well cutting filling of earlier intrusion.			
XVI. <i>a.</i> Section of southern ramp overlying Roman southern entrance. <i>b.</i> Section of 'covered way' trench cutting Roman filling of northern entrance.			
FIG. 12. Northern entrance sequence. 1: constructional features; 2: structural features, all phases; 3: primary features; 4: secondary features.			41
FIG. 13. Detailed plan of post trenches showing primary and secondary features			44
FIG. 14. Detailed plans of the three chalk-cut recesses			48
FIG. 15. Outline reconstruction of the original Roman layout			52
FIG. 16. Outline reconstruction of the arena layout			55
FIG. 17. General plan of secondary Roman features with location of sections and detailed plans <i>facing</i>			56
FIG. 18. Sketch sections of the Roman post trenches			59
FIG. 19. Roman pottery from the excavation			64
FIG. 20. Samian stamp, bronze objects and other small finds from the excavation	68		
FIG. 21. Roman ironwork from the excavation	69		
FIG. 22. Outline plan of Roman Dorchester	77		
FIG. 23. General plan of post-medieval features	80		
FIG. 24. Medieval pottery from the excavation	83		
FIG. 25. Post-medieval pottery from the excavation	84		
FIG. 26. Bronze, bone, and iron objects from the excavation	87		
FIG. 27. Iron objects from post-medieval layers	89

	PAGE
FIG. 3. Chester amphitheatre: excavation plan	<i>facing</i> 144
FIG. 4. Relationship of the timber (red) and stone (black) amphitheatres	145
FIG. 5. Two sections through arena wall	147
FIG. 6. Plan and section of arena wall coping-stone	148
FIG. 7. Plan and section of arena gutter	151
XXV. <i>a.</i> The first discovery of the outer wall of the amphitheatre, 1929, in the grounds of the Ursuline Convent, Chester. <i>b.</i> The amphitheatre site from the west, <i>c.</i> 1930.	
XXVI. Amphitheatre excavation, 1930: <i>a.</i> Rear face of north wall of east entrance. <i>b.</i> Arena wall and gutter.	
XXVII. Amphitheatre excavation, 1930: <i>a.</i> Entrance 1 with outer wall to left. <i>b.</i> Entrance 1, with 'concentric' wall and flight of steps to right.	
XXVIII. St. John's House, Chester, before demolition: <i>a.</i> Front elevation to Little St. John Street. <i>b.</i> Rear elevation.	
XXIX. St. John's House cellar excavation, 1960: <i>a.</i> Beam-slots of timber amphitheatre. <i>b.</i> Side-walls of Entrance 3 and 'concentric' wall.	
XXX. St. John's House cellar excavation, 1960: <i>a.</i> First step of Entrance 3. <i>b.</i> Beam-slots of timber amphitheatre and nineteenth-century cess-pit in background.	
XXXI. St. John's House cellar excavation, 1960: <i>a.</i> Detail of bottom step of Entrance 3. <i>b.</i> Detail of beam-trench and beam-slot of timber amphitheatre.	<i>following</i> 152
XXXII. St. John's House cellar excavation, 1960: <i>a.</i> Beam-slot and beam-trench of timber amphitheatre. <i>b.</i> Junction of radial and lateral beams of timber amphitheatre and arena wall of stone amphitheatre.	
XXXIII. <i>a.</i> St. John's House cellar, 1960: outer wall of amphitheatre. <i>b.</i> St. John's House cellar: post-medieval well-head. <i>c.</i> Rubble packing behind stone arena wall. <i>d.</i> Trench against concrete retaining wall, showing timber beam-slot.	
XXXIV. Excavation of timber amphitheatre, 1968: <i>a</i> and <i>b.</i> Beam-slots. <i>c</i> and <i>d.</i> Post-holes of uprights.	
XXXV. Excavation of timber amphitheatre, 1968: <i>a.</i> Post-holes of uprights, with side-walls of Entrance 4. <i>b.</i> Section of beam-slot and upright near Entrance 4. <i>c.</i> Section of beam-slot in pit F1. <i>d.</i> Detail of post-hole of upright.	
XXXVI. <i>a.</i> St. John's House cellar, 1960: stone arena wall and arena gutter. <i>b.</i> Trench for concrete retaining wall 1960: arena wall (west) and possible structural use of robbed masonry, with two coping stones protruding into trench.	

LIST OF ILLUSTRATIONS

XXXVII. Arena wall east of Entrance 1, 1965: <i>a.</i> View from north, with concrete retaining wall in background. <i>b.</i> View from south, showing break and leaning section.	} following	152
XXXVIII. Excavation of arena wall, 1965: <i>a.</i> Rear of wall, showing tips of beam-slots. <i>b.</i> Front of wall, showing fallen masonry in arena fill, including a coping stone. <i>c.</i> View from south, showing masonry packing of drain and coping stone to right. <i>d.</i> View from north, showing tilt of arena wall; door of <i>Nemeseum</i> to right.		
XXXIX. Excavation of arena wall, 1966: <i>a.</i> View from east, with east jamb of main entrance. <i>b.</i> Detail of jamb stones. <i>c.</i> View from west, showing rendered face. <i>d.</i> Slabs over ?sump beneath face of wall.		
XL. <i>a.</i> Wall and gutter south-west of Entrance 4. <i>b.</i> Detail of masonry packing of gutter in <i>a.</i> <i>c.</i> Traces of primary paving of arena. <i>d.</i> Late third-century paving of arena.		
FIG. 8. Re-used column in west edge of axial pathway		154
FIG. 9. Cess-pit F27 (plan)		155
FIG. 10. Cess-pit F31 (plan and section)		155
FIG. 11. Plan etc. of first discovery of outer wall of amphitheatre in 1929		157
FIG. 12. Plan etc. of Entrance 1 as excavated in 1930		158
FIG. 13. Plan and section of brick ?cess-pit south of Entrance 3		166
FIG. 14. Plans and sections of <i>Nemeseum</i> in first and second periods		168
FIG. 15. Gradient of passage floor at northern main entrance		171
FIG. 16. Plan of arena threshold at northern main entrance		172
FIG. 17. Plan of well in northern main entrance		173
FIG. 18. Plan and sections of east entrance	facing	174
FIG. 19. Fragment of slate ?tread from steps in east entrance		175
FIG. 20. Details of north jamb of arena door of east entrance		176
XLII. Arena excavation, 1966-7: <i>a.</i> Late third-century paving of arena. <i>b.</i> Detail of late third-century paving. <i>c.</i> Axial drain and path, looking north to main entrance. <i>d.</i> Change of direction in axial drain, looking north.	} following	176
XLIII. Arena excavation, 1967: post-Roman features: <i>a.</i> Cess-pit F31. <i>b.</i> Cess-pit F27. <i>c.</i> Cess-pit F32. <i>d.</i> Cess-pit F24.		
XLIV. <i>a.</i> Inner face of outer wall. <i>b.</i> 'Concentric' wall south of Entrance 1. <i>c.</i> Section of 'concentric' wall. <i>d.</i> Face of 'concentric' wall.		
XLV. <i>a.</i> Trajan's Column: composite stone and timber amphitheatre. <i>b.</i> Wall of medieval oven between 'concentric' and outer walls. <i>c.</i> Pits F16 and F17.		

- XLVI. Excavation of *Nemeseum*, 1966: *a.* During excavation, showing altar and second-period floor. *b.* Excavation completed, showing joist-slots, post-holes, altar plinth, and re-used column bases. *c.* Personal altar as found. *d.* Detail of north corner from south.
- XLVII. Excavation of *Nemeseum*, 1966: *a.* Altar plinth. *b.* Altar plinth lifted from bedding pit. *c.* Detail of column base in north corner. *d.* Detail of second column base.
- XLVIII. Altar from *Nemeseum*: *a.* Front view. *b.* Side view.
- XLIX. Excavation of northern main entrance, 1960 and 1969: *a.* General view from south. *b.* West side-wall. *c.* T-junction of drain at north end of entrance. *d.* Detail of terminal of west outer wall and buttress, 1960.
- L. Excavation of northern main entrance, 1968–9: *a.* Stone sill. *b.* East jamb with steps behind. *c.* Rear face of west side-wall. *d.* Post-medieval well-head.
- LI. Excavation of south side-wall of east entrance, 1960: *a.* Rear face of south side-wall. *b.* Junction of south side-wall and outer wall. *c.* West terminal of south side-wall.
- LII. Excavation of east entrance, 1967: *a.* General view, showing central paved surface. *b.* North side-wall and chamber wall. *c.* South side-wall and chamber wall, with steps. *d.* Detail of steps.
- LIII. Excavation of east entrance, 1967: *a.* General view of chamber and door into arena. *b.* Outer wall and north buttress. *c.* 'Ghost' of north buttress with setting-out lines. *d.* Foundation of south buttress.
- LIV. Excavation of east entrance, 1967: *a* and *b.* Views from north and south of collapsed masonry in chamber filling. *c.* Steps in chamber. *d.* Door into arena.
- LV. Excavation of east entrance, 1967: *a.* Door into arena. *b.* Detail of north jamb of door showing bolt-holes etc. *c.* Fill of original north wall appearing in section in pit F19. *d.* Section of original north wall, showing masonry *in situ*.
- LVI. *a.* North jamb of arena door of east entrance, showing lead plug. *b.* Side-wall of Entrance 4 during excavation. *c.* Rubble foundation of north-east side-wall of Entrance 2. *d.* Robber-trench of south-west side-wall of Entrance 2.
- LVII. *a.* Centurial stone in arena wall. *b.* Inscription behind east jamb of northern main entrance. *c.* *Graffito* on coping-stone. *d.* Dated stone re-used in drain of St. John's House. *e.* Bronze handle. *f.* Bronze trumpet-brooch with silver inlay.
- LVIII. Chester Roman amphitheatre: stages in the restoration of the arena wall: *a.* Before jacking. *b.* Jacking commenced. *c.* Jacking near completion. *d.* Section returned to vertical.

following 176
