The Dependency Movement

PENGUIN
HISTORY
OF
LATIN AMERICA

EDWIN
WILLIAMSON

“A First-Rate
Work of
History”*

*Edwin
Williamson*

**The Penguin
History of
Latin America**

This authoritative and engrossing chronicle of Latin America is the first serious history to offer a balanced, in-depth view of recent events in Cuba, Mexico, Argentina, Chile, and Brazil. Starting with

the slow, savage colonization of the region by the Spaniards and Portuguese and covering the many dynastic shifts as the territories moved toward constitutional monarchy and independent republics, *The Penguin History of Latin America* comes complete with maps and a full biographical essay, and pays particular attention to literary and cultural trends. 640 pp.

“Williamson has accomplished a nearly impossible task; he has produced a lucid, objective interpretation for the nonspecialist reader. Highly recommended.”—*Kirkus Reviews*.

“If you want to know all about Latin American politics, economics, and culture...simply read this book.”—*The Evening Standard*.

“[Williamson’s] cool, scholarly gaze and synthesizing intelligence demystify a part of the world peculiarly prone to myth-making.”—**The Independent*, London.

Aztecs

An Interpretation

Inga Clendinnen

"A fascinating, imaginative and highly evocative reconstruction of life in Tenochtitlan....

This is an outstanding book, as rich in its reconstruction of social details as in its lurid analyses of the 'interior architecture' of the Aztec world. Reaching simultaneously into the lives of the Mexica and the blurred, hallucinatory spaces of their rituals, Clendinnen makes a wonderfully informative and illuminating contribution to our understanding of Aztec society." —*Times Literary Supplement*

NOTES FOR CONTRIBUTORS

The *Journal of Latin American Studies* is published three times a year, in February, May and October. Its editorial offices are located in the Institute of Latin American Studies, University of London. The editorial board includes representatives of the Centres or Institutes of Latin American Studies in the Universities of Cambridge, Essex, Glasgow, Liverpool, London and Oxford.

The scope of the Journal is the study of Latin America from the standpoint of the social sciences (including history and international relations). Articles on literature and the arts are not normally included, but the editors are pleased to consider contributions in the field of intellectual and cultural history. Articles with an inter-disciplinary approach are particularly welcome.

Contributions are invited from all parts of the world. Articles should generally not be more than 8000 words long. Two copies typed with double spacing should be submitted. A style sheet is available from the editors. The Journal is published in English, but articles may also be submitted in Spanish or Portuguese; if the article is accepted, translation into English will be the responsibility of the author. Tables, diagrams and maps may be included by arrangement with the editors. The Journal only publishes original contributions; translations of articles already published will not be accepted. Each contributor will receive, free of charge, 25 offprints of the article and a copy of the issue of the Journal in which it appears.

The Journal publishes book reviews in each issue. Not all books received can be reviewed and editorial policy gives preference to substantial reviews of books regarded as of major importance for the disciplines covered by the Journal.

All contributions and editorial correspondence should be addressed to *Journal of Latin American Studies*, Institute of Latin American Studies, 31 Tavistock Square, London, WC1H 9HA.
