The Society

The Society for Libyan Studies, founded in 1969, is established as a British Institute Abroad. Its aims are to encourage and co-ordinate the activities of British scholars in Libya covering as wide a range of interests as possible including the natural sciences, linguistics and history as well as archaeology, and to foster and develop relations between British and Libyan scholars.

Since its foundation the Society has sponsored many differing projects in Libya within the subject areas of archaeology, education, geography, geology, history and Islamic law. Its resources to date have concentrated on supporting long term archaeological projects and their subsequent publication (including excavations in Benghazi, Tolmeita, Ajdabiyah and Germa in the Fezzan; and more recently the multi-disciplinary survey in the pre-desert valleys of Tripolitania, the Islamic excavation at Medinet Sultan, and the preparation for publication of the postwar excavations at Sabratha.

Membership and Subscriptions

Those who wish to join the Society are invited to communicate with the Secretary of the Society. The current subscription rates are £5.00 p.a. for those based in Britain, and £6.50 p.a. for those based overseas. These may be paid by bankers order and forms are available from the Secretary.

Members receive the current issue of *Libyan Studies*, are given notice of forthcoming activities, and are entitled to use the Society Library.

The Society holds several Lecture Meetings in London each year, the December Meeting preceded by the Annual General Meeting. A programme is circulated to all members.
