Contents

List of Contributors	IX
Foreword: The key role of research in making rational mental health services, <i>Michele Tansella (Verona)</i>	XIII
European Network for Mental Health Service Evaluation (ENMESH), <i>ENMESH Executive Committee</i>	XVII
Section A: Assessing Needs for Mental Health Services	
1. Population needs for mental health services. Introduction to the theme, <i>Ville Lehtinen (Helsinki)</i>	3
2. The Mental Illness Needs Index, <i>Gyles Glover (London)</i>	13
3. Assessment of needs for care among patients with schizophrenic disorders 15 and 17 years after first onset of psychosis, <i>Durk Wiersma, Fokko J. Nienhuis, Cees J. Slooff, Robert Giel and Aant De Jong (Groningen)</i>	21
4. Do we still need mental hospitals? <i>Lorenzo Burti (Verona)</i>	29
5. How many psychiatric beds: towards a needs based portfolio of residential care, <i>Glynn Harrison (Bristol)</i>	49
6. Population needs assessment for mental health services. Prospects for the future, <i>José Miguel Caldas de Almeida (Lisboa)</i>	59
	V

Section B: From Service Description to Service Evaluation

7. Describing mental health services: the development of a mental health census in the North-West of England, *Peter Huxley (Manchester)* 71
8. Computers and process description for community mental health care, *Rob Bale, Matthew Fiander and Tom Burns (London)* 81
9. Mental health services description. Prospects for the future, *Vivianne Kovess (Paris)* 91
10. Service utilisation: a pivotal measure in assessing service needs and service outcome, *Mirella Ruggeri (Verona)* 105
11. Social networks and service utilisation in patients with severe mental illness, *Thomas Becker, Maya Albert, Matthias C. Angermeyer and Graham Thornicroft (London and Leipzig)* 113
12. Service utilization research: goals and prospects, *Sjoerd Sytema (Groningen)* 127
13. Importance of local differences in comparing hospital and community psychiatric services, *Kathryn Evans, Peter Tyrer, Naresh Gandhi, Alwyn Lamont and Phil Harrison-Read (London)* 137
14. Partial or full-time hospitalization: patients' preference, *Aart H. Schene, Bob van Wijngaarden and Berthold P. R. Gersons (Amsterdam)* 145

Section C: Evaluating the Costs of Mental Health Services

15. Economics and mental health: a concise European history of demand and supply, *Martin R. J. Knapp (London)* 157
16. Costing day hospital and in-patient care for acute psychiatric illness, *Sarah Holme, Francis Creed and Barbara Tomenson (Manchester)* 167
17. Psychiatric case registers for monitoring service utilisation and evaluating its costs, *Francesco Amaddeo, Paola Bonizzato and Michele Tansella (Verona)* 177
18. The cost of mental health services. Prospects for future research, *Juan M. Cabasés (Pamplona)* 199

VI

**Section D: Developing the Public Health Perspective in European
Mental Health Services**

- 19.** Quality development in mental health care in Europe.
Recent contributions by WHO,
José G. Sampaio Faria (Lisboa) 211
- 20.** Community psychiatry in Europe: assessment and evaluation,
Sir David Goldberg (London) 217
- 21.** The importance of service level measures for mental health policy,
Rachel Jenkins and Gyles Glover (London) 229
- 22.** Evaluating mental health services. A world perspective,
Norman Sartorius (Geneva) 239
