

MONACO, 4-15 May 1992

A Symposium and Exhibition of Equipment of interest to all those involved in the collection, manipulation and display of hydrographic and navigational information will be held in Monaco, 11 to 15 May 1992, during the XIVth International Hydrographic Conference.

The theme of the Symposium, on 11 and 12 May, will be :

" IHO FACES THE INFORMATION AGE "

Although attendance at the business sessions of the Conference is restricted to official delegations and approved observers, attendance at the Symposium and the Exhibition is open to all those interested.

Further information on these events is available from :

GPS WORLD

GPS WORLD expands the realm of what is possible with GPS – in navigation, geodesy and surveying, vehicle tracking, military operations, and other applications.

Future issues will be filled with timely news, discussions of innovations in GPS products and technology, insightful commentary on GPS-related policies and events, and, above all, practical articles on cutting-edge applications of the Global Positioning System presented in a visually exciting format.

To begin your subscription to *GPS WORLD*, simply complete and mail the form attached below. We will begin your subscription with the next available issue.

■ HELP US SERVE YOU

To speed processing of your order and to help us serve you better, please answer the questions below.

1. What is your organization's primary business? (Check one only)

• SURVEYING

- a. Land Surveying
- b. Hydrography
- c. Exploration
- d. Geodesy

- e. Photogrammetry, Cartography, Construction/Mining

• ENGINEERING

- f. Software
- g. Electronic
- h. Electrical
- i. Civil
- k. Astronautic
- l. Aeronautic

• TRANSPORTATION

- m. Aviation
- n. Trucking
- o. Marine
- q. Land Vehicle
- r. Space

• OTHER INDUSTRIES

- s. Utilities
- t. Communications
- u. Industrial Equipment
- v. University/College
- w. Construction
- x. Computer
- y. Consulting
- 1. Time and Frequency
- 2. Defense/Research Systems
- 3. Natural Resource/Environmental Mgmt.
- 4. GIS/LIS
- 9. _____

(Please specify)

2. What is your organizational affiliation? (Check one only)

- a. Private Corporation or Company
- b. City/County Government
- c. State Government
- d. Federal Government
- e. Military
- f. Utility
- g. University
- m. Other _____

(Please specify)

3. Please check your title, if applicable. (Check one only)

- 1. Owner, Partner
- 2. General Manager
- 3. Program Manager
- 4. System Analyst
- 5. Executive Director
- 6. President
- 7. Chairman
- 8. Marketing Rep
- 9. Other _____

(Please Specify)

4. What is your purchasing authority? (Check one only)

- 1. Authorize Expenditures
- 2. Specify Requirements
- 3. Write Proposals/RFPs

If for any reason you're not completely satisfied with *GPS World*, just let us know, and we'll give you a full refund on all unmailed issues.

THE ROYAL INSTITUTE OF NAVIGATION

Aims and Objects

The objects of the Institute are to unite in one body those who are concerned with or who are interested in navigation and to further its development. Navigation is conceived as applying to locomotion of all kinds and is perceived as encompassing aspects of: command and control, psychology and zoology, operational research, risk analysis, theoretical physics, operation in hostile environments, instrumentation, ergonomics, financial planning and law as well as electronics, astronomy, mathematics, cartography and other subjects traditionally associated with navigation.

The aims of the Institute are to encourage the creation and dissemination of knowledge through research and development, to co-ordinate information from all the disciplines involved, to provide a forum in which new ideas and new products can have the benefit of informed and professional scrutiny and to further education and communication.

The Institute initiates conferences and symposia on specific subjects and has a programme of meetings at which lectures are given and discussed. There are standing Study Groups which keep under constant review pertinent aspects of navigation. The success of these Study Groups is crucially dependent on the active involvement of members.

The Institute publishes *The Journal of Navigation* three times a year. It contains papers which have been presented at meetings together with the ensuing discussion, other original papers, selected papers and reports from Study Groups, and book reviews. The Institute also publishes *Navigation News* six times a year which contains a full account of the Institute's proceedings and activities. This includes Branch News, a record of current navigational work, a diary of events, topical articles, news about Membership and advertising. A great deal of the Institute's work is international in character and is co-ordinated with that of similar organizations in other countries. There are also active Branches throughout the United Kingdom.

Membership

There are five classes of Membership of the Institute:

- (1) HONORARY MEMBERS: Distinguished persons upon whom the Council may see fit to confer an honorary distinction.
- (2) FELLOWS: Members, of at least three years' standing, holding certain qualifications laid down in the by-laws; these qualifications include having made a contribution of value to navigation.
- (3) MEMBERS: Persons over twenty-one years of age who satisfy the Council of their interest in navigation.
- (4) STUDENT MEMBERS: Persons under twenty-five years of age studying at a recognized school or university with a view to making navigation, or an allied interest, their career.
- (5) CORPORATE MEMBERS: Organizations such as universities, navigation schools, government departments or companies, here and abroad, who are directly or indirectly interested in the science of navigation. Corporate Members are entitled to send representatives to all Institute meetings and to receive six copies of its publications. They are encouraged to take an active part in the Institute's work. Applications should be sent by letter addressed to the Director.

Subscriptions

Annual subscriptions to the Institute are payable in advance as follows:

Members and Fellows	£35.00
Student Members	£5.00
Corporate Members	£300.00

The Institute's financial year begins on 1 July. Members in any category who are elected after 1 January in any year are only due for one half of their subscription until 1 July, when the full subscription for the next year becomes due.
