## **It's the lowest cost health protection you can get.**

Now there's a simple, cost-effective way to put a lid on needlesticks.

Introducing the SafeSnap™ Security Syringe. Needlestick prevention that's as easy to use as push, pull, snap *and seal*. SafeSnap is the only security syringe with a retractable needle that locks and seals safely inside the syringe barrel. Where it can't stick you or anyone else. Ever again.

Plus, the small sealed unit won't add to the jumble of exposed needles in the sharps container. And since the sealed unit is only half the size of other safety syringes, it will cut your cost of disposal in half.

No other security syringe offers this double level of protection. And no other device makes needlestick prevention so easy and affordable.

Call 1-800-723-3762 (1-800 SAFESNAP) for a free trial. Or fax back the form below to (619) 674-1177 today.

# Call for Participation

International **TQM/CQI** Pilot Study  
on

## ***THE CRISIS OF ANTIBIOTIC RESISTANCE IN HOSPITALS***

We seek teams to participate in a revolutionary international study to improve the usage of antibiotics, and prevent and control the transmission of resistant microorganisms in hospitals. These multi-disciplinary, hospital-based teams will use problem-solving and quality improvement tools and techniques. Benchmarking process improvement suggestions will be provided from publicly available work of the Center for Disease Control and Prevention (CDC).

### **Benefits of Participation:**

- Participate in an international effort to reduce antibiotic resistance
- Reduce the cost associated with unwarranted antibiotic use, and the cost, length of stay, morbidity, and mortality caused by antibiotic-resistant infection
- Begin or expand physician-hospital CQI collaboration
- Work toward partial JCAHO benchmarking compliance
- Accelerate CQI/TQM applications

Application deadline is November 30, 1994

**For additional information on participation and costs, or to receive an application, please contact Sally Archer of Juran Institute at 800-338-7726 (outside the U.S. and Canada call 203-834-1700).**

### Important Dates

---

**Pre-Conference Symposium**
