## British Society of Animal Production

The British Society of Animal Production was established in 1943 with the aim of providing the opportunity for those with an interest in animals and animal production to exchange views, ideas and information. It has developed into an energetic and active society with over 1300 members from over 30 countries throughout the world. Today as ever the Society is the natural meeting point for all of those with an interest in animal production. Its membership is drawn from research, education, advisory work, commerce and practical livestock industry.

The Society organizes a major scientific meeting once a year and occasional specialist meetings on key issues facing animal production. If you would like to join or receive further information about the Society contact: The Secretary, BSAP, PO Box 3, Penicuik, Midlothian EH26 0RZ.

---

## Animal Production

The Society's Journal is *Animal Production* which publishes fundamental and applied research and is a major scientific title of international repute. Original research from basic and applied sciences relevant to all aspects of animal production can be found in it.

*Animal Production* is published six times a year in two volumes. Annual subscription is £120.00 (or \$240.00 in the USA and Canada) and the price for a single part is £20.00 (or \$40.00) net.

Information regarding subscriptions and sales (current and back numbers of the Journal and the Proceedings) can be obtained from: Durrant Periodicals, Winton Lea, Pencaitland, East Lothian, Scotland EH34 5AY.

---

## Occasional Publications

The British Society of Animal Production's *Occasional Publication Series* contains the full papers presented at certain symposia organized by the Society. A full list of titles is given on the back cover of this Publication. Copies may be obtained from the British Society of Animal Production, PO Box No. 3, Penicuik, Midlothian EH26 0RZ, Scotland.

## ACKNOWLEDGEMENTS

The Society is very grateful to the following organizations for providing financial assistance towards the cost of bringing speakers and delegates from overseas to the symposium:

Commonwealth Foundation, London  
Technical Centre for Agricultural and Rural Cooperation, The Netherlands  
DANIDA (Danish International Development Agency)  
International Foundation for Science, Sweden  
Royal Society, London

Thanks are also due to:

*Professor John Prescott, Professor Peter Wilson, Dr Euan Thomson, Professor Jess Reed, Dr Lindela Ndlovu, Dr Bob Ørskov, Dr Bill Thorpe, Professor David Leaver*  
for chairing the sessions

and to:

*Dr Margaret Gill, Dr Cary Hendy, Dr Dickon Hovell, Dr Emyr Owen, Dr Geoff Pollott*  
for organizing the symposium.
