Leonard Barkan

Renaissance **Drama.**

Three Turk Plays from Early Modern England

Selimus, Emperor of the Turks; A Christian Turned Turk; and The Renegado

Edited by Daniel J. Vitkus

“Extremely informative . . . fresh, reader-friendly editions of three plays about that great early modern English ‘other,’ the Turk, and about Islam’s enigmatic ally, the renegade or convert. Sixteenth- and seventeenth-century imaginings of Islamic culture . . . feature prominently in well over a dozen Elizabethan and Jacobean plays, so it is high time that we had easy access to three prime examples.”

Putting History to the Question

Power, Politics, and Society in English Renaissance Drama

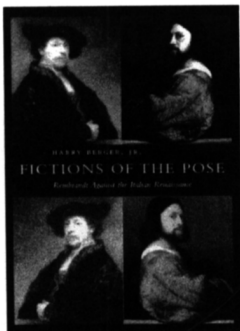

Michael Neill

“Neill has expanded the horizon of the field by showing how much of early modern life the theater could embrace, as playwrights transformed the uncertainties of everyday experience and ordinary language into a drama that is varied, subtle, and complex. His wide-ranging and richly documented essays, attentive to both language and theatrical effect, define a mode of historicism in which Renaissance drama is both for its time and for ours.” —Lawrence Manley, Yale University
