Aims and Scope: *The Journal of Economic History* seeks to promote the scholarly study of economic aspects of the human past from a diversity of perspectives, notably those of economists and historians. By encouraging careful formulation of issues and clear exposition of methods, the JOURNAL hopes to stimulate discourse among scholars with varied interests and modes of inquiry. The JOURNAL is abstracted in *EconLit*, *e-JEL*, *JEL on CD*, *Sociological Abstracts*, *Elsevier Geo Abstracts*, and *Scopus*. Back issues of the JOURNAL (5-years-old and older) are available on-line to JSTOR subscribers. <http://JSTOR.ORG>.

Instructions for Contributors: Articles on economic history and related aspects of history or economics will be considered for publication by the Editors on the understanding that the articles have not previously been published and are not under consideration elsewhere. Papers should indicate the wider significance of detailed original research findings as well as the logic and limitations of specialized techniques of analysis. Comments and shorter notes are also welcome. The JOURNAL does not accept unsolicited book reviews, nor can it honor requests to review particular works. Contributions should be kept within 35 double-spaced pages, inclusive of footnotes, references, figures, and tables—approximately 15,000 words. A submission fee, payable to the Economic History Association, of \$60.00 or a year's membership (fee schedule below) is required from nonmembers of the Association.

How to Submit a Paper for Consideration: Log into <http://mc.manuscriptcentral.com/jeh> and follow the instructions there. Choose Editor Ann Carlos for submissions dealing with the Eurasian Land Mass; choose Editor Paul Rhode for submissions dealing with the Americas, Africa, and Australasia. Upload files (completely blinded of identifying information) as Word, WordPerfect, or Excel documents.

A Concise History of International Finance

From Babylon to Bernanke

Larry Neal

"This is the most impressive, most comprehensive, and most up-to-date single volume history of finance there is. Its central argument about the beneficial effects of financial innovation – along with the many cautionary tales of how and why things go sour, of the consequences of adequate mechanisms for ensuring commitment and responsibility – make it at once a classic, whose influence will endure a long time."

The Rise of the Global Company

Multinationals and the Making of the Modern World

Robert Fitzgerald

"This is a definitive new book in the field of international business. Covering the period from the 1870s to the twenty-first century, the book is characterized by its wide time-span and depth of analysis. Its detailed account of the rise of the global company contributes to a comprehensive understanding of globalization – one of the most important phenomena today."
