1. All contributions and correspondence should be sent to: The Editor, *Journal of Social Policy*, The London School of Economics and Political Science, Houghton Street, Aldwych, London WC2A 2AE. All books for review should be sent to: The Review Editor, *Journal of Social Policy*, Department of Sociology, Goldsmiths' College, University of London, Lewisham Way, London SE14.
2. Articles should generally contain between 5,000 and 10,000 words including footnotes, although longer or shorter articles may be accepted by arrangement with the Editor. Short articles stand a better chance of early publication.
3. Submission of an article is taken to imply that it has not previously been published, or is not being considered for publication elsewhere. If an author is publishing a related article elsewhere, this fact should be stated.
4. Contributions (articles, review articles, reviews) should be clearly typed on one side of the paper only using a conventional size of paper, preferably A4. All material should be typed double-spaced with generous margins. Contributors should send two copies and keep one copy of the typescript for correcting proofs.
5. References to books and articles should include the following details: in the case of books, the full title and author or authors, place of publication, publisher and date; in the case of articles, the title and author or authors, full name of the journal, volume, year and page reference (first and last page). References and other footnotes should be numbered consecutively throughout and typed separately at the end of the article. Good articles which contain this bibliographical information will be accepted, even if they do not follow the journal's own arrangement of the information.
6. Tables should be clearly laid out and designed to fit on to a page  $9\frac{1}{4} \times 6\frac{1}{4}$  inches. Vertical lines between columns should be omitted, and horizontal lines limited to the top and bottom of the table, with an additional one below the column headings. Totals and percentages should be labelled, and units identified.
7. Contributors are advised to look through earlier issues of the journal for guidance on points of general style.
8. First proofs may be read and corrected by contributors provided that they can give the editor an address through which they can be reached without delay and can guarantee to return the corrected proofs to the editor, by airmail where appropriate, within ten days of receiving them. The master proof will always be sent direct to the editor by the printer; contributors will receive duplicates.
9. Authors of articles and review articles (but not book reviews) receive twenty-five free offprints. Additional copies may be bought if ordered at proof stage.
10. Contributors of accepted articles will be asked to assign their copyright, on certain conditions, to Cambridge University Press, to help protect their material, particularly in the USA.
