CONTENTS OF VOLUME 81

Adamowicz, Zofia, Cordón-Franco, Andrés and Lara-Martín, F. Félix. Existentially closed models in the framework of arithmetic 774

Aisenberg, James, Bonet, Maria Luisa and Buss, Sam. Quasipolynomial size Frege proofs of Frankl's Theorem on the trace of sets 687

Albuquerque, Hugo, Font, Josep Maria and Jansana, Ramon. Compatibility operators in abstract algebraic logic 417

Andrews, Uri, Cai, Mingzhong, Kalimullin, Iskander Sh., Lempp, Steffen, Miller, Joseph S. and Montalbán, Antonio. The complements of lower cones of degrees and the degree spectra of structures 997

Andrews, Uri and Sorbi, Andrea. The complexity of index sets of classes of computably enumerable equivalence relations 1375

Anscombe, Sylvy and Kuhlmann, Franz-Viktor. Notes on extremal and tame valued fields 400

Bagaria, Joan and Väänänen, Jouko. On the symbiosis between model-theoretic and set-theoretic properties of large cardinals 584

Baldwin, John T., Laskowski, Michael C. and Shelah, Saharon. Constructing many atomic models in $\aleph_1$, ... 1124

Baudisch, Andreas. Free amalgamation and automorphism groups 936

Ben Yaacov, Itaï and Kaïchouh, Adriane. Reconstruction of separably categorical metric structures 216

Bezhanishvili, Guram, Bezhanishvili, Nick and Iemhoff, Rosalie. Stable canonical rules 284

Bezhanishvili, Nick. See Bezhanishvili, Guram.

Blossier, Thomas, Martin-Pizarro, Amador and Wagner, Frank O. À la recherche du tore perdu 1

Bodirsky, Manuel, Jonsson, Peter and Van Pham, Trung. The reducts of the homogeneous binary branching c-relation 1255

Bodirsky, Manuel and Macpherson, Dugald. Reducts of structures and maximal-closed permutation groups 1087

Bonet, Maria Luisa. See Aisenberg, James.

Borovik, Alexandre and Deloro, Adrien. Rank 3 bingo 1451

Buss, Sam. See Aisenberg, James.

Cai, Mingzhong. See Andrews, Uri.

Chvalovský, Karel and Horčík, Rostislav. Full Lambek calculus with contraction is undecidable 524

Cordón-Franco, Andrés. See Adamowicz, Zofia.

Cox, Sean and Krueger, John. Quotients of strongly proper forcings and guessing models 264

Crabbé, Marcel. NFSI is not included in NF_3 948

Cummings, James, Džamonja, Mirna and Morgan, Charles. Small universal families of graphs on $\aleph_{\omega+1}$ 541

Day, Adam R. On the strength of two recurrence theorems 1357

Deloro, Adrien. See Borovik, Alexandre.

Di Nasso, Mauro, Goldbring, Isaac, Jin, Renling, Leth, Steven, Lupini, Martino and Karl Mahlburg. High density piecewise syndeticity of product sets in amenable groups 1555

Dobrinen, Natasha. High dimensional Ellentuck spaces and initial chains in the Tukey structure of non-p-points 237

Džamonja, Mirna. See Cummings, James.

Dzhafarov, Damir D. Strong reductions between combinatorial principles 1405

Eagle, Christopher J., Farah, Ilijas, Hart, Bradd, Kadets, Boris, Kalashnyk, Vladyslav and Lupini, Martino. Fraïssé limits of C*-algebras 755

THE JOURNAL OF SYMBOLIC LOGIC (ISSN print: 0022–4812, ISSN online: 1943–5886) is published quarterly, in the months of March, June, September. and December, by the Association for Symbolic Logic, Inc., 124 Raymond Avenue, Poughkeepsie, NY 12604–0001, USA. Periodicals postage is paid at Poughkeepsie NY and at additional mailing offices. The JOURNAL is distributed with THE BULLETIN OF SYMBOLIC LOGIC. The 2016 annual subscription price for the two journals, in either print or electronic form, is US$802, £503 or €618; the print/electronic bundle prices are $893, £561 or €690: visit http://journals.cambridge.org/bsl for more information. **Postmaster:** Send address changes to **Journals Customer Services Department, Cambridge University Press, One Liberty Plaza, New York, NY 10006, USA.** Business correspondence should be sent to the Secretary-Treasurer of the Association, Charles Steinhorn (address below).

Subscription orders for the JOURNAL and BULLETIN, or REVIEW should be sent to subscriptions_newyork@cambridge.org. All orders must be accompanied by payment by check, credit card (Visa, MasterCard, JCB or American Express only), or debit card. To receive a replacement copy of the JOURNAL, please report damaged, defective or missing issues within nine months of the date of publication.

All back volumes of the JOURNAL are available: volumes l through 74 are via JSTOR; volumes 1 through 80 via Cambridge University Press, http://journals.cambridge.org/jsl – access to the latter is free to members. Volume 26 is an index for Volumes 1–26, and Number 4 of Volume 45 is an index for Volumes 27–45. Number 4 of Volume 55 is a cumulative index for Volumes 27–55 (it includes the index published in Volume 45, Number 4, except for listings of reviews by subject, which has been discontinued). A revised edition of **A Bibliography of Symbolic Logic,** by Alonzo Church, may be purchased separately. Members of the Association may purchase back volumes for their personal use at a 50% discount. The discount also applies to institutional members. Orders should be sent to **Cambridge University Press,** address above. Reviews of articles and books in logic which in the past were published in the JOURNAL have been moved to the BULLETIN, beginning with the March 2000 issue.

Individual membership in the Association is open to anyone interested in its work. Annual dues for members are US$94, £60 sterling or €72 ($47, £30 sterling or €36 for student, emeritus and unemployed members; see http://www.aslonline.org/membership-individual.html for more information, including conditions and privileges). Dues include subscriptions to the current volumes of the JOURNAL, the BULLETIN, and the REVIEW.
Institutional membership in the Association is available to any academic institution or department. Annual institutional membership dues for 2015 are US$1150 (full) or $690 (basic); privileges include choices of current subscriptions, back volumes, and student memberships.

Requests for information, applications for *new* membership, renewals of institutional membership, business correspondence, and notices or announcements for publication in the BULLETIN should be sent to **Charles Steinhorn, Secretary–Treasurer of the ASL, Box 742, Vassar College, 124 Raymond Avenue, Poughkeepsie, NY 12604, USA.** The electronic mail address of the Association's business office is asl@vassar.edu. Requests for back issues should be sent to Cambridge University Press, address above.

Individual membership *renewals*, notices of change of address, and dues payments, should be sent to **Association for Symbolic Logic, c/o Journals Customer Services Department, Cambridge University Press, One Liberty Plaza, New York, NY 10006, USA,** USmemberservices@cambridge.org.

The paper used in the JOURNAL is acid-free and falls within the guidelines established to ensure permanence and stability.

The JOURNAL has been registered with the Copyright Clearance Center, Inc. The appearance of a code at the bottom of the first page of an article indicates the copyright owner's consent for copying beyond that permitted by Sections 107 or 108 of the US Copyright Law, provided that the per-copy fee stated in the code is paid directly to **Copyright Clearance Center Inc., 222 Rosewood Drive, Danvers, MA 01923, USA.** This consent does not extend to copying for general distribution, for advertising or promotion purposes, for creating new collective works, or for resale. Specific written permission for such copying must be obtained from the Association.
