Barefoot Journey

SISTER FELICITY, P.C.C.

The reviewers have been very kind to this autobiography of a Poor Clare—and have picked up the phrases (from the blurb, and from the book) about a nun who has *not* jumped over the wall. But there's more to it than that. The daily life comes over. We still enjoy reading it, and recommending it. *Woman's Hour* did four excerpts for their listeners. 18s 6d

Ways of Thinking About God

EDWARD SILLEM

We were told this was important—at last a really well done book on this question which so many have been worrying at so much. We published a paperback edition for study groups, as well as a hard back for libraries. Well, the reviewers have backed us up. It is helpful, they say. This tells us what St Thomas was really saying—describing what God has revealed about himself, not primarily that he exists. And the author writes in no vacuum—he remembers the other philosophers. Look up those reviews again. They were really good.
