### Notice

At the Library Committee's meeting in June, the future development of the Library and Information service was discussed, and we would now like to seek Members' views on how the service should develop.

What services do Members want the Library to supply? What materials should it be collecting? What areas of information technology should it develop?

If you have comments or suggestions to make, on the future development of the Library, the Library committee would welcome them.

Please make your comments in writing to the Temporary Librarian, Miss Elizabeth M. Nokes, via the College.

## Recent donations

We wish to thank the following author-Members and others, who have generously donated copies of their works to the College Library.

The last such acknowledgement appeared in the January 1995 issue of the *Psychiatric Bulletin*: there has therefore been a long gap. We apologise if any Member has been overlooked, and, if notified of it, will do our best to rectify the omission.
