

## The Notre Dame Center for Ethics and Culture

**E**thics centers abound at America's universities and professional schools. But this one is different.

The Notre Dame Center for Ethics and Culture's mission is to articulate, develop, and defend the broadly Christian, Augustinian, and Thomist intellectual and moral tradition that finds its roots in Scripture and in classical Greek philosophy; to do this in fruitful dialogue with rival traditions and in the light of Christian tradition; and to coordinate, focus, and amplify the rich resources offered by the Notre Dame community, shaping them into a potent cultural force seeking to realize in society a culture hospitable to life.

It is a challenging mission, but one that must be pursued. The Center strives to do so through annual conferences, invited lectures, its own publication series, and a number of other programs. For more details about the Center's activities, or for more information about how to contribute to the efforts of the Center, please contact us.

## LIBERTY FUND ANNOUNCES A LANDMARK NEW SERIES

The *Natural Law and Enlightenment Classics* series restores important works of early modern natural law and crucial moral, political, and legal works of the Enlightenment to all who want to understand more fully the intellectual roots of liberty. Encompassing more than forty volumes, the *Natural Law and Enlightenment Classics* series will include the major works on natural law of Pierre Bayle, Jean-Jacques Burlamaqui, Gershom Carmichael, Nathaniel Culverwell, Richard Cumberland, Jean Louis De Lolme, David Fordyce, Hugo Grotius, Johann Gottlieb Heineccius, Francis Hutcheson, Lord Henry Home Kames, Sir James Mackintosh, John Millar, Samuel Pufendorf, Francisco Suárez, Christian Thomasius, George Turnbull, and Emmerich de Vattel. Individual volumes are edited by distinguished scholars from around the world, under the direction of Knud Haakonssen, the series general editor:

## **Launching Liberalism On Lockean Political Philosophy**

Michael P. Zuckert

"This collection is not only a set of important essays on Locke, but also a major contribution to our understanding of how Locke's thought informs American political thought, both at the founding and as a critical voice in key contemporary debates in political theory. This now constitutes the most learned and philosophically profound presentation of Lockean thought that has appeared in the past generation."

—**Thomas L. Pangle**, author of *The Spirit of Modern Republicanism: The Moral Vision of the American Founders and the Philosophy of Locke*  
392 pages, Cloth \$40.00, Paper \$19.95

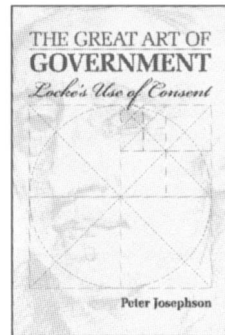

## **The Great Art of Government Locke's Use of Consent**

Peter Josephson

Peter Josephson takes a close look at Locke's writings on both consent and the art of governance to show how each informs the other. Moving beyond previous scholarship, he gives us a Locke as much concerned with the effective functioning of government as with the roots of its moral legitimacy.

"A work of impressive originality and insight."  
—**Peter C. Myers**, author of *Our Only Star and Compass: Locke and the Struggle for Political Rationality*

376 pages, Cloth \$45.00

Available at bookstores or from the press.  
VISA and MasterCard accepted.

## Reconfiguring American Political History

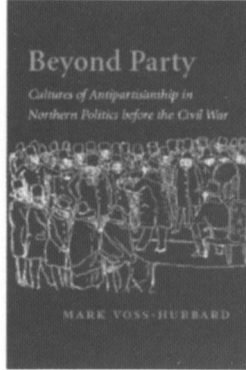

### **The Price of Progress**

*Public Services, Taxation, and the  
American Corporate State,  
1877 to 1929*

**R. Rudy Higgs-Evenson**

"Higgs-Evenson has chosen an excellent, neglected topic—the rise of modern taxation in the late-nineteenth and early-twentieth century United States—and used it to address a critical subject of widespread interest among historians and political scientists—the rise of the activist, modern state. He offers a clearly written and well-researched explanation of the rise of a tax system favorable to corporations in terms of the unintended consequences of states' attempts to deal with the demands for new social services."—Michael McGerr, Indiana University, author of *The Decline of Popular Politics: The American North, 1865–1928*  
**\$39.95 hardcover**

### **Beyond Party**

*Cultures of Antipartisanship  
in Northern Politics before  
the Civil War*

**Mark Voss-Hubbard**

"A shrewd interpretation of the Know Nothings and the world they tried to win. Voss-Hubbard speaks across disciplinary lines to all students of parties and antiparties in the nineteenth century."—Michael Kazin, Georgetown University

"An outstanding contribution to the literature of nineteenth-century American politics. Through his careful analysis of the Know Nothing party, Voss-Hubbard offers fascinating insights that extend our knowledge of political culture before the Civil War."

—Jean H. Baker, Goucher College  
**\$45.00 hardcover**

*Now in paperback*

### **Red Feminism**

*American Communism and the Making of  
Women's Liberation*

**Kate Weigand**

"The gulf between first- and second-wave feminism seems less broad thanks to this thoughtful analysis of women's activism with the Communist Party U.S.A. between World War II and the mid-1950s . . . An important supplement to standard histories of American feminism."—*Booklist*

**\$18.95 paperback**

**The Johns Hopkins University Press**
