## **READING DANCING** Bodies and Subjects in

## Contemporary American Dance SUSAN LEIGH FOSTER

Foster develops a theory of dance as a system of representation in which the viewer actively participates. Borrowing from contemporary semiotics and post-structuralist criticism, *Reading Dancing* outlines four distinct models for representation in dance which are illustrated, first, through an analysis of the works of contemporary choreographers and then through reference to historical examples. \$25.00

Published quarterly by The MIT Press for the Tisch School of the Arts, New York University. Editor: Richard Schechner, New York University    We're changing!    You know The Drama Review is one of the finest and most well- established theatre journals published today. But beginning with the Spring 1986 issue (T109), all this will change—it's going to be even better!    Under the new editorship of Richard Schechner, TDR will cover not only theatre, but also dance, mime, music, ritual, and other facets of performance art. The new TDR will be fresh, lively; the content and design will be dramatically different. TDR will con- tinue to be the most influential journal on the performing arts.
