

**BULLETIN** Volume **14 (1976)**

of the Australian Mathematical Society

Number **1**

Burnett Meyer	<i>On convergence in capacity</i>	1
B. J. Birch, R. G. Burns, Sheila Oates Macdonald, and Peter M. Neumann	<i>On the orbit-sizes of permutation groups containing elements separating finite subsets</i>	7
D. G. Mahajan and M. N. Vartak	<i>Duality for generalized problems in complex programming</i>	11
Kurt Mahler	<i>On certain non-archimedean functions ana- logous to complex analytic functions</i>	23
Margaret J. Morton	<i>The ideals of the hurwitzean polynomial ring</i>	37
John S. Wilson	<i>A note on locally finite varieties</i>	63
G. R. Morris	<i>A case of boundedness in Littlewood's problem on oscillatory differential equations</i>	71
B. Hartley	<i>A class of modules over a locally finite group III</i>	95
Howard Lyn Hiller	<i>Fibrations and Grothendieck topologies</i>	111
J. Parida and B. Sahoo	<i>On the complex nonlinear complementarity problem</i>	129
Abstracts of Australasian PhD theses		
Gregory Woodford	<i>Finite difference methods with application to the cavity problem</i>	137
Geoffrey Mark Laslett	<i>Some problems concerning cluster processes and other point processes</i>	139
Darryl Richard Anthony McMahon	<i>Some theoretical aspects of dielectric absorption and dispersion in polar gases and liquids</i>	141
Than Pe	<i>Analysis of functional relationships: old and new models</i>	145
Anthony Greville Shannon	<i>Some number theoretic properties of arbitrary order recursive sequences</i>	149
W. F. Gross	<i>Models with dimension</i>	153
John Oliver Murphy	<i>Thermal convection at high Rayleigh number</i>	155
Paul David Feigin	<i>Maximum likelihood estimation for stochastic processes—a martingale approach</i>	157
Jason H. F. Middleton	<i>On core flows</i>	159

## THE AUSTRALIAN MATHEMATICAL SOCIETY

President: H. S. Green    University of Adelaide  
Secretary: W. Pye       Melbourne State College,  
757 Swanston Street,  
Carlton, Victoria 3053, Australia  
Treasurer: V. G. Hart    Department of Mathematics,  
University of Queensland  
St Lucia, Queensland 4067, Australia.  
(These officers serve until May 1976)

### Membership and correspondence

Applications for membership, notices of change of address or title or position, and other correspondence, except as noted below, should be sent to the Secretary (address above). Subscriptions and correspondence related to accounts should be sent to the Treasurer (address above). Correspondence about the distribution of the Society's JOURNAL, BULLETIN, and GAZETTE, and orders for back numbers, should be sent to the Business Manager, whose address is the same as the Treasurer's (above).

### Publications

The JOURNAL of the Australian Mathematical Society began publication in 1959, and from 1975 appears in two series, Series A (Pure Mathematics) and Series B (Applied Mathematics). The Editors are:

(A) Professor J. N. Crossley, Department of Mathematics, Monash University, Clayton, Victoria 3168, Australia,	(B) Professor J. J. Mahony, Department of Mathematics, University of Western Australia, Nedlands, WA 6009, Australia.
---	--

The BULLETIN of the Australian Mathematical Society began publication in 1969. Two volumes of three numbers each are published annually. Manuscripts for publication should be sent to the Editor:

Dr B. H. Neumann,  
Department of Mathematics,  
Institute of Advanced Studies,  
Australian National University,  
POB 14, Canberra, ACT 2600, Australia,

or to the Associate Editor, Dr L. G. Kovács, at the same address.

The Australian Mathematical Society GAZETTE started publication in 1974, and carries news items, mathematical articles of general interest, and articles on tertiary mathematics teaching. Manuscripts for publication should be sent to the Editor at the

School of Mathematics,  
University of New South Wales,  
Kensington, NSW 2033, Australia.
