**MEDICAL ETHICS TODAY
ITS PRACTICE AND PHILOSOPHY**

The BMA has been publishing advice on ethical issues for over forty years. This book is its most comprehensive attempt to answer the wide range of questions commonly raised and relates the long accepted standards which have governed professional behaviour to newly emerging situations. The approach is patient-centred and the aim has been to produce a working tool for doctors whilst recognising that debate of ethical issues extends far beyond the medical profession.

Topics covered include: Consent and Refusal; Confidentiality and Medical Records; Disclosure; Children and Young People; Reproduction and Genetic Technology; Caring for the Dying; Treatment and Prescribing; Research; Inter-Professional Relations; Rationing and Allocation of Health Care Resources.

SURGICAL ROOTS & BRANCHES

Sir Reginald Murley

When Sir Reginald Murley became president of the Royal College of Surgeons in July 1977 he was described in the *Daily Telegraph* as a "redoubtable standard bearer" and as "one of the dwindling number of old style 'surgical characters.'" In *Surgical Roots & Branches* he gives a lively account of the development of this character.

**FESTINALENTE – A
PSYCHIATRIC ODYSSEY**

Henry R Rollin

Henry Rollin insists that *Festina Lente* is "in no way an autobiography. I prefer to regard it essentially as an history of psychiatry during the past half century as seen by one who has been witness to and played some small part in the shaping of events."

UK £14.95 (BMA Members £13.95);
Abroad £17.50 (BMA Members £16.50)

NOT A PROPER DOCTOR

David Sinclair

Sinclair was intent on a career in surgery when he graduated from St Andrew's University but fate, mainly in the shape of the second world war, decreed otherwise. As Professor Sinclair looks back at his varied life, there are moments of joy, sadness and regret, but throughout a central core of humour and compassion.

Abroad £18.50 (BMA Members £17.50)

NOT A MOMENT TO LOSE

Sir David Smithers

Sir David Smithers believes that "one should aspire to be a realist, but retain a sense of wonder, a rationalist who is prepared to jump to conclusions, and a critical visionary who remains sensible of the humour of the human situation."

UK £14.95 (BMA Members £13.95);
Abroad £17.50 (BMA Members £16.50)

ONE MAN'S MEDICINE

Archie Cochrane with Max Blythe

The autobiography of Professor Archie Cochrane, who was one of Britain's most influential thinkers on health care and the quality of health services. His 30 years' association with the Rhondda Fach – and his work there on reducing the suffering inflicted on whole communities by pneumoconiosis – is almost legendary.

UK £14.95 (BMA Members £13.95);
Abroad £19.00 (BMA Members £18.00)

**REAP A DESTINY –
DIVAGATIONS OF A TAOIST**

Douglas Swinscow

Former deputy editor of the *BMJ*, the late Douglas Swinscow was also a world authority on lichens. A painstaking scientist and a lover of the arts, a philosopher who nevertheless thrived in a military role, these memoirs look back at the events and choices that have shaped his life and character.
