doi:10.1017/S0007114511007070, Published by Cambridge University Press, 16 January 2012.

We regret that there was an error in our recently published paper⁽¹⁾.

In Table 3, in the section on 'Antioxidant status', the units for plasma ferulic acid concentration should be nmol/l and not μ mol/l as previously stated. This correction does not affect the conclusions, or any other part of the paper.
