Public Health Nutrition

Volume 23, 2020 ISSN: 1368-9800

Eighteen issues per year

Aims and Scope

Public Health Nutrition provides an international forum for the publication and dissemination of research and scholarship in the form of peer-reviewed original papers and reviews, and for discussion in the form of editorials, commentaries, and correspondence, with a specific focus on nutrition-related public health.

The scope of *Public Health Nutrition* encompasses nutrition and nutrition policy at a population level, including work on assessment of nutritional status and nutritional environments, communication of nutrition-related information, implementation of programs and interventions, and sustainability of dietary patterns, food systems and supplies. We welcome papers that:

- Address assessment, monitoring, and surveillance of nutritional status or the quality of nutritional environments
- Describe the development and evaluation of methodology for assessment, monitoring, and surveillance in population-based samples
- Identify and analyse behavioural, social, cultural, environmental, economic, and political determinants of nutrition-related public health, and dietary and nutritional factors as determinants of health outcomes

- Build intelligence about the development, implementation, and evaluation of interventions and community nutrition programs and efforts
- Describe, discuss, debate and influence nutrition-related public policies
- Serve to build capacity for effective public health nutrition action, including workforce development and educational issues
- Develop perspectives and models to study diet and nutrition as related to the environment and sustainability.

We prefer papers that are innovative and contribute new knowledge to the literature. Papers should be succinct (ie, usually well under 5000 words not including the abstract, references, tables, figures and acknowledgements). Short communications (<2000 words) are welcome. We publish research, scholarship, and discussions that take a population and preventive approach. In addition to original contributions, ideas and suggestions for topics for debate are also welcome. We publish special issues.

Public Health Nutrition is available on the Internet at: journals.cambridge.org/phn

Editor-in-Chief

Dr. Allison Hodge, *Cancer Epidemiology Division, Cancer Council Victoria, Australia and Centre for Epidemiology and Biostatistics, University of Melbourne, Australia*

Deputy Editors

Dr. Kaleab Baye, *Addis Ababa University, Ethiopia*

Professor Sandra Capra, *University of Queensland, Australia*

Professor Mieke Faber, *South African Medical Research Council, South Africa*

Professor Salome H. Kruger, *North-West University, South Africa*

Dr. Carl Lachat, *Gent University, Belgium*

Dr. Cindy Leung, *University of California, USA*

Dr. Stefanie Vandevijvere, *Scientific Institute of Public Health, Belgium*

Dr. Christina Vogel, *University of Southampton, UK*

Editors for Systematic Reviews and Meta-analyses

Professor Dominique Roberfroid, *Prince Leopold Institute of Tropical Medicine, Belgium*

Dr. Amin Salehi-Abargouei, *Sabid Sadoughi University of Medical Sciences, Iran*

Statistical Editors

Ms Zulfa Abrahams, *Human Sciences Research Council, South Africa*

Dr. Flávia Barbosa, *Nutrition Institute, Brazil*
Dr Vassiliki Bountzidouka, Institute of Child Health, UCL, UK

Mr Fabio Gomes, *National Cancer Institute, Brazil*
Dr. Graham Horgan, *Rowett Institute, University of Aberdeen, UK*

Dr. Eva Maria Navarrete Munoz, *CIBER of Epidemiology and Public Health, Spain*

Associate Editors

Dr. Geeta Appannah, *Universiti Putra Malaysia, Malaysia*

Dr. Marina Araujo, *Oswaldo Cruz Foundation, Brazil*

Dr. Kathryn Backholer, *Baker IDI Heart and Diabetes Institute, Australia*

Ass. Prof. Vassiliki Benetou, *University of Athens, Greece*

International Editorial Board

Dr. Miranda Blake, *Deakin University, Australia*

Dr. Sonia Blaney, *Université de Moncton, Canada*

Dr. Mona Calvo, *U.S. Food and Drug Administration, USA*

Dr. Inês Rugani Ribeiro de Castro, *State University of Rio de Janeiro, Brazil*

Dr. Annalijn Conklin, *The University of British Columbia*
