

General Notes

TEMPORAL BONE SURGICAL DISSECTION COURSE

OFFERED BY

THE DEPARTMENT OF OTOLARYNGOLOGY

THE UNIVERSITY OF MICHIGAN MEDICAL SCHOOL, ANN ARBOR, MICHIGAN

COURSE DIRECTOR: JOHN L. KEMINK, M.D.

1991: 11–15 November

Intensive one-week courses emphasize the surgical and anatomical approaches to the temporal bone, and are presented in a manner relevant for the otologic surgeon, utilizing lectures, videotapes, and dissection.

Mornings and afternoons are spent in the dissection laboratory, giving extensive drilling experience in temporal bone anatomy and surgical techniques. All instruments and high-speed handpieces will be provided.

Course fee: Physicians \$1,000 Residents \$750

SEVENTH ASIA-OCEANIA CONGRESS OF
OTORHINOLARYNGOLOGICAL SOCIETIES

2-5 December 1991

Sponsors

The Hong Kong Otorhinolaryngological Society
The Asia-Oceania Association of Otorhinolaryngological Societies
International Federation of Oto-rhino-laryngological Societies

Patron

His Excellency the Governor of Hong Kong, Sir David Wilson, K.C.M.G.

President

George Choa

Organising Committee

Chairman

C. Andrew Van Hasselt

Secretary

Buddy Y. K. Wong

I am interested in attending the Seventh Asia-Oceania Congress of Otorhinolaryngological Societies.

Please send further details to: Prof. Dr. Mr Mrs Miss Ms

NAMES: (Family name) (Given name)

ADDRESS: COUNTRY:

..... TELEPHONE:

..... FAX:

I am interested in (please tick the appropriate boxes)

1 Attending the Congress

2 Exhibiting at the Trade Exhibition

To: The Seventh Asia-Oceania Congress of Otorhinolaryngological Societies

Secretariat Office: International Conference Consultants Limited

1/F., 57 Wyndham Street, Central, Hong Kong.

Telephone: (852) 525 3271 / 524 8779 Fax: (852) 840 0564

THE 28th HEAD AND NECK COURSE

will be held at THE LIVERPOOL MEDICAL INSTITUTION

on Friday, Saturday and Sunday

17-19 January, 1992

This will be a basic course intended mainly for those in training.

The course fee will be £250 including coffee, lunch and tea, but *NOT* including accommodation or evening meal.

The faculty are: Professor G. B. Snow; Professor P. M. Stell.

Application forms and further information may be obtained from:

Mrs Brenda Cowley

Secretary to Professor P. M. Stell

Department of Otorhinolaryngology

THE TWJ FOUNDATION

THE TRUSTEES OF THE TWJ FOUNDATION
invite applications for
AN OTOLOGICAL CLINICAL AND RESEARCH FELLOWSHIP
tenable at
THE DEPARTMENT OF OTOLARYNGOLOGY, ANN ARBOR
IN THE UNIVERSITY OF MICHIGAN
for SIX MONTHS DURING 1992

Professor John Kemink will act as Clinical Tutor to the Fellow and the emphasis will be on the neuro-otology and skull base surgery. The Fellow will also participate in research in the Kresge Laboratory under the direction of Dr J Miller.

Applicants must be Fellows of one of the Royal Colleges of Surgeons and a Senior Registrar in Otolaryngology in an appointment recognized for Higher Surgical Training in the United Kingdom or the Republic of Ireland.

Further details concerning applications should be obtained *now* from:

The Trustees of the TWJ Foundation
Courtlands, 61 Kingswood Firs
Grayshott, Hindhead
Surrey GU26 6ER

The closing date for formal applications will be
Saturday, 9 November 1991

MAJOR FACIAL RECONSTRUCTION COURSE

13th – 15th February, 1992

at

THE INSTITUTE OF LARYNGOLOGY AND OTOLOGY
in association with
THE ROYAL NATIONAL THROAT, NOSE AND EAR HOSPITAL
Gray's Inn Road, London WC1X 8EE

A three-day practical course in facial reconstruction. The course will emphasize the uses of pedicled and free microvascular flaps, problems and limitations. The course will include lectures, cadaver demonstrations, video television facilities and plenty of time for discussion. Cadaver dissection/teaching will be available in two evening sessions for some applicants at extra cost as indicated.

Course organizers: Mr D. J. Howard; Mr P. Rhys Evans

Registration: £445 without dissection, £600 with dissection (Both include £200 booking fee).

Applications with booking fee to:

Administration
Institute of Laryngology
330/332 Gray's Inn Road
London WC1X 8EE

Telephone: 071-837 8855 extension 4214. Fax: 071-837 9279
(Cheryl Overington or Sharon Bailey)

NATIONAL UPDATE IN RHINOLOGY
OPERATIVE WORKSHOP FOR 3 DAYS

30 and 31 December 1991 and 1 January 1992

Nanavati Hospital, Vile Parle. S.V. Road, Bombay, India

Faculty: Professor Draf — Germany; Professor de Berry — U.S.A; Professor Kaluskar — Ireland.

Subjects: Septorhinoplasty: FESS; Sleep Apnoea and Snoring.

Fees: Rs 800/- **before** 1 November 1991.

Rs 1,000/- **after** 1 November 1991.

For further details contact:

Dr R. M. Shah
Shruti Clinic -Shrinath Parshan
S.V. Road, Vile Parle
West Bombay 56
Tel: 636-3399 or 636-4466

THE 27th POSTGRADUATE COURSE IN EAR SURGERY

Nijmegen, The Netherlands
26 April – 1 May, 1992

For further information and registration form, please write to:

Professor Dr P. van den Broek

PO Box 9101
6500 HB Nijmegen
The Netherlands
Fax: 80-540251

AUDIOLOGY IN EUROPE

Academic conference: Cambridge UK
20-24 September, 1992

Hosted by the British Society of Audiology

Abstracts for free papers are solicited in the following areas: Epidemiology, hearing disability in children, tinnitus, mechanisms of hearing and balance, objective tests, rehabilitation of the profoundly deaf, organization of audiological services, neonatal screening. Discussion will take place about future interaction of European audiology societies.

Deadline for abstract: 1 April 1992.

Further information from:

The Secretary
British Society of Audiology
80 Brighton Road
Reading RG6 1PS

Instructions to Authors

Review Articles. Articles of this type, preferably not exceeding 3,000 words will be considered but the author(s) are expected to be a recognised authority on the topic and have carried out work of their own in the relevant field.

Historical Articles. Articles of this type are generally encouraged, but it is obvious that they have to provide some new information or interpretation, whether it be about a well-known person or for example an instrument associated with him, but those from within a Hospital's own department who have made a hitherto less well-known contribution would be welcome.

Letters to the Editor. This feature has been re-introduced to give those who wish to comment about a paper previously published within the Journal, an opportunity to express their views. Wherever possible, the original author is asked to add his further comment, thereby adding to the value of the contribution. Such letters should be sent as soon as possible after publication of each month's issue of the Journal in the hope of including them early thereafter.

Mini-papers, such as those which appear in the British Medical Journal, Lancet, or New England Journal of Medicine, will not be acceptable except on the rare occasion that they bring information of immediate interest to the reader.

Pathology. Articles which are of pathological interest with particular emphasis on the way the diagnosis was achieved now appear on a monthly or bi-monthly basis. It is hoped that clinicians will involve their pathologists in these reports, and all illustrations must be of first-class quality. Where a department, particularly those overseas, may not have such specialized facilities, it may be possible, if a block or several unstained sections are provided for our Adviser to produce or supplement the illustration submitted. Only contributions of particular pathological interest will be accepted.

Radiology. Short reports on cases in which the radiology has been crucial in the making of the diagnosis or the management of a particular case now appear on a monthly or bi-monthly basis. This spot is to encourage clinicians and radiologists to produce material of particular interest in the specialty and to encourage co-operation in this field. Only presentations with first-class illustrations can be accepted and these must emphasise a problem of unusual clinical interest.

Short Communications. This feature will be used on an occasional basis. Examples of material suitable for inclusion under this title would be, for example: a piece of work which was of clinical interest but had failed to produce findings which were of statistical significance; where an investigative technique has been applied to an allied field, not warranting a further in-depth description of its earlier application and methodology.

'Silence in Court'. Articles on medicolegal topics are welcome but a preliminary letter written beforehand is requested to ensure that the contribution would be appropriate.

Check List for Authors/Secretaries

1. Title page—Titles should be short with names of the authors, higher degrees only and the city/country. Details of the departments in which the authors work should be put lower down.
An address for correspondence should be supplied together with the author who should receive this; this will ultimately appear beneath the list of references. If the paper was presented at a meeting, the details of this must be given and will be inserted at the bottom of the first page of the printed script.
2. Abstract—No paper will be accepted without this and it adds considerably to the Editor's time to have to write and request this if the paper is accepted.
3. Key Words—only those appearing as Medical Subject Headings (MeSH) in the supplement to the Index Medicus may be used; where appropriate word(s) are not listed those dictated by common sense/usage should be supplied.
4. To follow the instructions to Authors with the way in which the paper is set out. It is preferred that each section should start on a fresh page with double spacing and wide margins.
5. References must be in the Harvard system; to submit a paper using the Vancouver system is automatically to have it returned or rejected.
6. Two sets of illustrations must be included, one of half-plate size and the other with the width of 80 mm. Illustrations must be clearly labelled with the author's name on the reverse side and where appropriate with an arrow to give orientation.
7. Authors to check manuscript and references to see that these match up particularly for dates and spelling.
8. Title of Journals must be given in full with the date, volume number and first and *last* pages.
9. Consent to be obtained from a patient if a photograph of their face is to be reproduced.
10. If the author to whom correspondence is to be directed changes his address, he should let the Editorial Office know as soon as possible.
11. Page proofs will normally be sent out one month in advance and must be returned as soon as possible.
12. Authors should provide a Facsimile number (FAX) whenever possible to speed communication. The FAX number of the Editorial office is 071-224 1645.
13. Manuscripts with tables only may be transmitted by FAX; those with graphic or visual illustrations, e.g. graphs, X-rays, pathology, electrical records (ENG, BSER etc) must continue to be sent by post as the quality of reproduction does not give sufficient accuracy of detail.
