Editors

Giacomo Bonanno, University of California, Davis, USA
Luc Bovens, London School of Economics, UK
Bertil Tungodden, Norwegian School of Economics and
Business Administration, Norway
Peter Vallentyne, University of Missouri-Columbia, USA

Economics and Philosophy examines the foundations of economics and its cognate disciplines from a philosophical perspective. Topics include the methodology and epistemology of economics, the foundations of decision theory and game theory, the nature of rational choice and the use of economic techniques in ethical theory.

Editor

Peter C. B. Phillips, Yale University, USA

Econometric Theory is an international journal dedicated to advancing theoretical research in econometrics. The journal provides an authoritative, centralized, professional outlet for original contributions in all of the major areas of econometrics. As well as periodic book reviews and articles that embody original theoretical research, the journal publishes historical studies on the evolution of econometric thought and on major scholars.

Editor

Anastasios Xepapadeas, University of Crete, Greece

Environment and Development Economics is firmly positioned at the intersection of economics, environment and development, publishing original papers addressed to the research and policy communities, and is designed to be accessible to a broad readership. The Editor and Associate Editors are supported by distinguished panels of advisors from around the world, who together ensure that the journal is a major forum for key research conducted in low-income countries as well as elsewhere, and for the work of younger scholars. The journal is divided into two main sections, Theory and Applications and Policy Options.

Editor-in-Chief

Geoffrey M. Hodgson, University of Hertfordshire, UK

Institutions are the stuff of social and economic life. The importance of understanding the role of institutions in economic growth is now widely appreciated. The *Journal of Institutional Economics* is devoted to the study of the nature, role and evolution of institutions in the economy, including firms, states, markets, money, households and other vital institutions and organizations. It welcomes contributions by all schools of thought that can contribute to our understanding of the features, development and functions of real world economic institutions and organizations.

Editor

William A. Barnett, University of Kansas, USA

Macroeconomic Dynamics publishes theoretical, empirical or quantitative research of the highest standard. Papers are welcomed from all areas of macroeconomics and from all parts of the world. Major advances in macroeconomics without immediate policy applications will also be accepted, if they show potential for application in the future.

Instructions for Contributors

Contributions

The journal publishes original academic research papers on the economics and finance of pensions, retirement income and ageing. The Journal also publishes "Issues and Policy" articles which review the state of knowledge or the debate in particular areas. Papers from actuarial science, mathematics, statistics and other disciplines are welcome as long as there is a clear economics or finance context. Examples of subjects the journal will cover include: pensions and labour markets, the macro and micro economics of pensions, pension fund management, regulation of pensions, valuation of pension liabilities, corporate governance, political economy issues, financial planning for retirement and marketing of private pensions.

Manuscripts

All manuscripts must be submitted online via the website:

<http://mc.manuscriptcentral.com/jpef>

Detailed instructions for submitting your manuscript online can be found at the submission website by clicking on the 'Instructions and Forms' link in the top right of the screen; and then clicking on the 'Author Submission Instructions' icon on the following page.

The Editor will acknowledge receipt of the manuscript, provide it with a manuscript reference number and assign it to reviewers. The reference number of the manuscript should be quoted in all correspondence with PEF Office and Publisher.

Manuscripts should begin with an abstract of not more than 300 words and ordinarily should not exceed 35 pages in length. Manuscripts will be reviewed by the editors and by referees chosen by the editors.

Manuscripts are accepted for review on the understanding that the same work has not been and will not be published nor is presently submitted elsewhere. While under editorial review, it is the responsibility of the authors to keep the Editors informed about submissions, publication plans, and actual publication of related research or abstracts thereof in other outlets, including letters, journals, review publications, journals in other disciplines, conference proceedings, and published dissertations. It is further understood that all persons listed as authors have given their approval for the submission of the paper and that any person cited as a source of personal communication has approved such citation; written authorization may be required at the Editor's discretion. Authors are responsible for obtaining written permission to publish material for which they do not own the copyright. Articles and other material published in *Journal of Pension Economics and Finance* represent the opinions of the authors and should not be construed to reflect the opinions of the Editors or their employers or the Publisher.

Electronic submission of final manuscripts and illustrations

A LaTeX class file is available. The PEF class file and instructions are available by anonymous FTP from <ftp://ftp.cup.cam.ac.uk/pub/texarchive/journals/latex/pef-cls/>. LaTeX manuscripts should be accompanied by a pdf of the entire article so it can be printed out. The journal does not print in colour, so all figures should be black and white for reproduction.

References

The Harvard system of references should be used. Citations are by author's surname and year of publication, and may stand either as a noun phrase (e.g., "Diamond (1965)") or as a parenthetical note (e.g., "(Diamond 1965)"). List references at the end of the text in alphabetical order. A typical entry is: Diamond, P. (1965) National Debt in a Neoclassical Debt Model, *Journal of Political Economy*, 55 (December): 1126–1150.

Offprints

Authors will receive a pdf of their article upon publication, and 25 offprints of each article will be supplied free to each first named author. Extra offprints may be purchased from the publisher if ordered at proof stage.

Pension **Journal of**
Economics
& Finance
