"*Hellas* is a breath of fresh air, at once scholarly and whimsical, profound and playful. The poets and essayists who contribute to *Hellas* are not afraid of words like 'truth,' 'transcendence,' and 'classic.' It is a harbinger of healing winds."

*Conference of Editors of Learned Journals,
Best New Journal of 1991 Awards*

"Audacious and jaunty, provocative and innovative. I have been reading through *Hellas* with interest, amusement, and an old-fashioned pleasure. *Hellas* offers a very welcome liveliness and debate."

Anthony Hecht

"*Hellas* is full of vigor, sass and interest. It is well-launched and praiseworthy. I wish it a good voyage."

Richard Wilbur

"*Hellas* is a most worthy journal, and I recommend it highly."

Paul Kristeller

THE NEW CLASSICISM

A unique, Miltonic wedding of *paideia* and *poiesis*, instruction and delight, engaging scholarship and original poetry. *HELLAS* and its remarkable new generation of poets, critics and theorists have yoked the energy of the contemporary imagination to the verbal elegance, moral seriousness and neoclassical good order of the New Classicism. The result: a renaissance, and a revolution.

Shifting Paradigms New Approaches to Horace's *Ars Poetica*

Bernard Frischer

Rejecting traditional assumptions about the date and genre of the *Ars Poetica*, Frischer shows that the poem is to be read as a parodic example of *sermo*, a mock-didactic diatribe whose speaker is not Horace but a fictional pedant. Frischer makes use of computational stylistics and literary theory to offer a new date and interpretation of a work that has been taken as a treatise on literary theory, but which deserves study as a poem in its own right.

Rhetoric and Homiletics in Fourth-Century Christian Literature

Steven M. Oberhelman

Starting from an examination of prose rhythm in the works of St. Ambrose and some of his contemporaries, Oberhelman relates rhythm to larger issues of interpretation, including theme, audience, and intention. This book is a significant contribution to the debate about the importance of classical, literary and rhetorical culture to the Western church fathers.

Style and Rhetoric in Pindar's Odes

William H. Race

The first full-length study of Pindar's style in 70 years, Race's work concentrates on the rhetorical purpose by stylistic traits.
