The JOURNAL is the official organ of the Association for Symbolic Logic, an international organization for furthering research in symbolic logic and exchange of ideas among mathematicians, philosophers, and others interested in this field.

Individual membership in the Association is open to anyone interested in its work. Annual dues for members are \$40, or \$20 for students. Dues include subscription to the current volume of the JOURNAL.

Institutional membership in the Association is available to any academic institution or department. Annual dues are \$275. Membership privileges include choices of current subscriptions, of back volumes, and of student memberships; a detailed description is available from the Association.
