

CJEM JCMU

Vol. 15, No. 5
September 2013 /
septembre 2013

cjem-online.ca

About the Cover:

From hockey arenas to airports, AEDs are increasingly available in public locations across Canada. This issue includes an article on CPR and AED education in schools, and poses the following thought provoking question in its title: "is anyone learning how to save a life?".

Table of Contents • Table des matières

EDITORIAL/COMMENTARY • EDITORIAL

- 255 Quality in emergency medicine: progress to date, challenges to come
Christopher M.B. Fernandes
-
- 258 La qualité en médecine d'urgence: progrès réalisés jusqu'à maintenant, défis à venir
Christopher M.B. Fernandes
-

ORIGINAL RESEARCH • RECHERCHE ORIGINALE

EM Advances

- 261 Utility of computed tomography and derivation and validation of a score to identify an emergent outcome in 2,315 patients with suspected urinary tract stone
F. Kris Aubrey-Bassler, Scott D. Lee, Richard B. Barter, Shabnam Asghari, Richard Cullen, Marshall Godwin
-
- 270 Cardiopulmonary resuscitation and automatic external defibrillator training in schools: "Is anyone learning how to save a life?"
Devin Hart, Oscar Flores-Medrano, Steve Brooks, Jason E. Buick, Laurie J. Morrison
-
- 279 Does the sedation regimen affect adverse events during procedural sedation and analgesia in injection drug users?
Frank Xavier Scheuermeyer, Gary Andolfatto, Hong Qian, Eric Grafstein
-

Pediatric EM

- 289 Unfavourable outcome for children leaving the emergency department without being seen by a physician
Jocelyn Gravel, Serge Gouin, Benoit Carrière, Nathalie Gaucher, Benoit Bailey
-

KNOWLEDGE TO PRACTICE • DES CONNAISSANCES À LA PRATIQUE

CJEM Journal Club

DECKER

A VOICE... WHEN YOURS CAN'T BE THERE

(Approximate size)

New in epinephrine auto-injectors!

It Talks! The first and only epinephrine injector with audio instructions*

Easy-Use Design! ALLERJECT™ was designed to be easy to use

Compact! Fits in your palm...designed for portability

Lights-Up! LED flashes when injection is complete

Living with the risk of anaphylaxis...

We'll talk you through it! **Allerject**™

INDICATIONS

ALLERJECT™ 0.3 mg (0.3 mL Epinephrine Injection, USP, 1:1000) and ALLERJECT™ 0.15 mg (0.15 mL Epinephrine Injection, USP, 1:1000) are indicated for the emergency treatment of anaphylactic reactions in patients who are determined to be at increased risk for anaphylaxis, including individuals with a history of anaphylactic reactions. Selection of the appropriate dosage strength is determined according to patient body weight. ALLERJECT™ is intended for immediate self-administration for the emergency treatment of severe allergic reactions (Type I).

CONTRAINDICATIONS

There are no absolute contraindications to the use of epinephrine in a life-threatening allergic situation.

WARNINGS AND PRECAUTIONS

As a precaution, epinephrine use should be avoided in patients with: cardiogenic, traumatic, or hemorrhagic shock; cardiac dilation; and/or cerebral arteriosclerosis; organic brain damage; narrow-angle glaucoma. Caution should be applied when administering to elderly or hyperthyroid individuals, pregnant women, and individuals with cardiovascular disease or diabetes. **General:** Patients with a history of anaphylaxis are at risk for subsequent episodes and even death. All patients who have had one or more episodes of anaphylaxis should have injectable epinephrine with them or with their parent or caregiver at all times, and should wear some form of medical identification bracelet or necklace. Epinephrine injection is not intended as a substitute for medical attention or hospital care. In conjunction with the administration of epinephrine, the patient should seek appropriate medical care.

*Comparative clinical significance unknown.

Please see Product Monograph for complete warnings, precautions, adverse events and dosing information. Product Monograph available upon request or at www.sanofi.ca

Call for Abstract Submissions CAEP Annual Conference May 31 – June 4, 2014

The CAEP Research and 2014 Conference Organizing Committees are dedicated to ensuring that research presentations receive the highest profile. As such, abstracts should represent original research that has not been previously accepted or published in full (i.e. abstracts can be published but full manuscripts cannot be).

Abstracts are submitted electronically starting **Friday, November 8, 2013 at 09:00 EST**.
The deadline for submission is on or before **Monday, January 6, 2014, 23:59 MST**.

INSTRUCTIONS FOR ABSTRACTS

Full submission instructions will be posted on the submission site and the CAEP Research page.

Abstracts will:

- Have an Introduction, Methods, Results, Conclusions, and Keywords section
- Clearly identify the name and email of the primary author (must also be listed first in the author list) and name of presenting author, if different from that of the primary author

ADDITIONAL INFORMATION

- Abstracts may be submitted on behalf of the primary author BUT the primary author/presenter details must be provided, not those of the submitter
- Upon acceptance, all communication will be with the primary author/presenter and the submitter
- Name of primary author/presenter, as entered upon submission, will appear in print materials
- Successful abstract submitters are responsible for their own expenses and conference registration

Graphs or tables in any format will NOT be accepted. Abbreviations should be defined when first used, but kept to a minimum.

ABSTRACT REVIEW PROCESS

Abstracts are peer reviewed by 3 CAEP Abstract Reviewers using a standardized evaluation form. Reviewers are blinded to the authors' name(s) and institutional affiliation(s). Reviewers will not review abstracts from their own province and strict conflict of interest declarations are provided to each reviewer. Abstracts will be selected for oral or poster presentation. Notification of acceptance will be transmitted via email no later than **March 7, 2014**. Accepted original abstracts will be published in *CJEM*.

PRESENTATION FORMATS AND TIME FRAMES

| | | | |
|------------------|--|-------------------|---|
| Orals | 10 minutes for presentation, 5 minutes for discussion | Posters | <5 minutes for presentation |
| Lightening Orals | 5 minutes for presentation, 3 minutes for discussion | Moderated Posters | 5 minutes for presentation, 3 minutes for discussion |

CAEP RESEARCH ABSTRACT AWARDS

Successful abstract submissions may be eligible for one of the following research awards:

- Grant Innes Research Paper and Presentation Award
- Top Resident Abstract
- Top New Investigator Award
- Top Medical Student Project Award
- Top Pediatric Abstract Award
- CAEP Resident Research Abstract Competition (CAEP Resident members only)
