## **REQUEST FOR PROPOSAL**

The Stein Gerontological Institute is seeking experienced Principal Investigators to prepare and submit proposals to secure research funding for geriatric studies at the Miami Jewish Home and Hospital for the Aged. MJHHA provides long term care, hospital, sub-acute care, independent and assisted living, and mental health services in Dade and Broward counties, Florida. The proposals may make use of the longitudinal databases which MJHHA currently maintains, be for prospective studies, use MJHHA residents as comparison groups for established studies or in some other way relate to the elder-care mission of MJHHA. Proposals may be in areas of applied behavioral science, nursing, geropsychiatry, social work, human factors, neurobiology, rehabilitation, pharmacology/drug trials, etc.

The maximum amount of an award to develop a research proposal will be \$5,000. It is expected that these funds will be used for travel to MJHHA, communication with MJHHA during the proposal development process, communication with specific funding sources, and proposal preparation/submission expenses. Additional information on databases which are available, services which are provided by MJHHA, or information on applying for these awards may be obtained from:
