By the Rev.

PASCAL PARENTE, S.T.D.

The Ascetical Life

'This work should be in the hands of anyone who undertakes spiritual direction.'—*The Ave Maria*

'Father Parente's book is a short, orderly and simple explanation of the ascetical life. The first of its three divisions deals with the ascetical life in general; the second treats of the three ways of asceticism and the helps and hindrances to each; the last amplifies some special questions, among which are the state of perfection and retreats.'—*America*. 22/6

The Mystical Life

'For a clearly written, masterful, and informative treatise on the mystical life this book can hardly be equalled. It contains an ordered description of the various forms of mystical life, against a background of sound theology, and therefore it is most useful for religious, priests, novice masters and teachers. The stages of mystical experience are discussed, from the lowest to the most advanced, and they are illustrated from the writings of the mystics. A final chapter on spiritual direction in the mystical life is a helpful guide to confessors. The whole work is a very valuable presentation of the complex phenomena of Catholic interior life.'—*Commonweal*. 18/6

The Well of Living Waters

This book is designed to place the primary sources of the doctrine of the spiritual life within easy reach of any reader, and to encourage a more frequent and intelligent use of these sources in preference to secondary ones. 26/-
