U.S. Holocaust Museum and ASLME present *Deadly Medicine: Creating the Master Race*

Countway Library

Boston, MA

April 21, 2011

6:30 P.M.

ASLME is proud to announce that it will be partnering with the U.S. Holocaust Memorial Museum of Washington, D.C., in presenting the historical exhibition entitled *Deadly Medicine: Creating the Master Race*. The exhibit, as described by the staff of the holocaust museum, explores how from 1933 to 1945, Nazi Germany carried out a campaign to cleanse German society of individuals viewed as biological threats to the nation's health. Enlisting the help of physicians and medically trained geneticists, psychiatrists, and anthropologists, the Nazis developed racial health policies that began with the mass sterilization of genetically diseased persons and ended with the near annihilation of European Jewry.

ASLME members and other interested parties will be invited to the reception following the exhibition.
