OTHER PUBLICATIONS OF THE SOCIETY

THE ANZIAM JOURNAL, formerly known as the JOURNAL (Series B), contains papers on applied mathematics. It is published in volumes comprising four parts, starting with Volume XIX Part 1, 1975. Four parts will be published in 2004. For prices to non-members see http://www.austms.org.au/Publ/. Typescripts for publications should be sent to the Editor, Professor C. E. M. PEARCE, Department of Applied Mathematics, The University of Adelaide, SA 5005, Australia.

The *BULLETIN* of the Australian Mathematical Society began publication in 1969. It aims at quick publication of original research in all branches of mathematics. Two volumes of three numbers are published annually.

For prices to non-members seek http://www.austms.org.au/Publ/. Each paper for publication should include an abstract and a 2000 Mathematics Subject Classification. Three copies of the typescript should be sent to the Editorial Office, Bulletin, Australian Mathematical Society, Department of Mathematics, The University of Queensland, QLD 4072, Australia.

The GAZETTE started publication in 1974 and carries news items, mathematical articles of general interest, and articles on tertiary mathematics teaching. For prices to non-members see http://www.austms.org.au/Publ/. Typescripts for publication should be sent to the Editor, Dr J. DE GIER, Department of Mathematics and Statistics, The University of Melbourne, VIC 3010, Australia.
