

TAKE A THOUSAND EGGS OR MORE

SPICE UP YOUR WORLD WITH THESE 15TH CENTURY COOK BOOKS

Presented in modern cookbook style, *Take a Thousand Eggs or More* offers a transcription and translation of more than 400 Fifteenth-Century English recipes from Harley MS. 279, Harley MS. 4016, Ashmole MS. 1439, Laud MS. 553, and Douce MS 55. Relevant quotations from contemporary literary sources introduce most recipes and provide a easy link to classroom readings.

Volume 1 gives 120 original recipes in transcription and in modern English translation and offers delicious adaptations of each recipe for the modern kitchen (in family-sized quantities—all requiring somewhat less than a 1000 eggs).

Volume 2 presents another 300 original recipes in transcription and translation but encourages the reader to experiment with both the language and the recipes. Each volume is fully indexed and lavishly illustrated with pertinent medieval woodcuts. Short essays illustrate various spices or techniques; while excellent and well-documented notes provide commentary. Twelve medieval menus display what foods were served at particular feasts.

Published as two-volume set in a variety of formats: paperback for classroom use, library binding for library purchase, or spiral wire bound for kitchen use—an ideal gift!
