ANNOUNCEMENT

GEOLOGICAL RESEARCH FUND, SECTION C

The Bernard Hobson Fund, with an income of £30 p.a. and an accumulated reserve, has been made available to Section C of the British Association for the purpose of promoting original Geological Research. The Fund will be administered by a sub-committee of Section C, with terms of reference wider than that of the original Critical Sections Committee. It will be available for excavations of sections, for equipment, and for travel in the prosecution of research, and will be utilized in whatever manner, in the opinion of the sub-committee, is most likely to promote original research in any field of Geological studies. Applications, setting out an itemized proposed scheme of research and the amount of grant requested, should be sent (by not later than 20th August, 1962) to:—

Mr. T. R. Owen,
 Secretary, Section C,
 c/o The British Association,
 3, Sanctuary Buildings, Great Smith Street,
 London, S.W. 1.
