

Fauna & Flora International membership application Please complete in block letters

Surname _____ First name(s) _____ Title _____
Address _____
Postcode _____

Membership categories (tick appropriate box)

- Standard (includes *Oryx* and *Fauna & Flora News*) £27
Concessionary (senior citizen, unwaged, student*) £15 Sponsor £50 (includes additional subscription for *Oryx* in a developing country)
Supporter (includes *Fauna & Flora News*) £12 Life £1000
Airmail despatch (see inside cover for standard despatch details) £8.00

*If student please give date you expect to finish studies _____

Methods of Payment

Cheque/postal or money order/giro credit (currency: £ sterling only) I enclose £

Credit card (American Express, Visa, Delta, Switch, Mastercard, Access, Eurocard)

Name of card _____ Name of card holder _____ Expiry date _____
Card No.

Direct Debit Please fill in the whole form and send it to FFI

Originator's identification number
916890

1. Name and full postal address of your Bank or Building Society Branch

To: The Manager, _____ Bank or Building Society, _____
Postcode _____

2. Name(s) of account holder(s) _____

3. Branch Sort Code - -

4. Bank or Building Society Account No. _____ 5. FFI ref. no. (office use only) _____

6. Instructions to your Bank or Building Society. Please pay Fauna & Flora International Direct Debits from the account detailed on this Instruction subject to safeguards assured by The Direct Debit Guarantee

Signature(s) _____ Date _____

Deed of Covenant

If you pay income tax in the UK you can greatly increase the value of your subscription to the FFI, at no additional cost to yourself, by signing this Deed of Covenant.

I (full name) _____ of _____
hereby covenant with the Fauna and Flora Preservation Society, whose office is Great Eastern House, Tenison Road, Cambridge CB1 2DT, that for a period of four years from the date hereof, or until my death (whichever shall be the shorter period) I will pay annually to the said Society from the ___ day of _____ (this date should be later than the date of the signature) in every year such a sum as, after deduction of income tax at the standard rate for the time being in force, amounts to £____ (please insert the actual amount of your subscription), such a sum to be paid from my general fund of taxed income.

Signed and sealed by me this ___ * day of _____ 19 _____ Signature _____

In the presence of _____ Occupation _____
(signature of witness, who should not be your spouse)

Address _____

* The first payment must be received within 1 year from this date.

CONSERVATION AND

COMPROMISE A ONE DAY SEMINAR

Saturday 31 May 1997

The Boldrewood Theatre, University of Southampton

A conservation seminar with a different perspective, jointly organised by the **Marwell Preservation Trust** and the **University of Southampton**.

A seminar seeking to assess the conflicts between the legitimate hopes of expanding human populations and the need to sustain biodiversity. How can these problems be resolved? Constructive compromise. People must understand that economic and material growth put pressure on the planet. Conservationists must make their solutions acceptable to human populations.

Adult £15 Student £10

Further details and booking:
**Marwell Zoological Park,
Winchester, Hampshire, SO21 1JH.
Tel: 01962 777407**

Dr. Norman Myers Environment Consultant.
Economic problems of the developing world

Professor Darrell Posey Director, Programme for Traditional Resource Rights at the Oxford Centre for the Environment, Ethics and Society, Mansfield College.
Biodiversity preservation in relation to economics in developing countries.

Dr. Martin Angel Southampton Oceanography Centre.
Marine biodiversity and conservation.

Professor Morris Gosling Director of the Institute of Zoology, Zoological Society of London.
The role of science in maintaining biodiversity.

Nigel Whittle Field worker in India.
Tigers versus people.

Ken Smith Consultant to ICI
Industry and nature, hand in hand.

Speaker from RSPB.
Development - Planning for a "Win-Win" situation.

THE HANDBOOK OF BRITISH MAMMALS

Third edition

The Definitive Handbook for the Study of British Mammals - Now Available in Paperback

Published for The Mammal Society

Edited by **Gordon B Corbet** and **Stephen Harris**

Initially published in hardback in 1990, the Handbook of British Mammals is now available in paperback - making it much more accessible as an individual purchase. The Handbook provides a very comprehensive description of the mammalian fauna of the British Isles and is an invaluable reference resource for professionals and amateurs alike.

The main part of the book comprises comprehensive species accounts covering physical descriptions, distribution data, information on social organization and behaviour, and much more. These accounts have been put in context by an introduction and chapters on the history of the fauna and mammalian habitats in the British Isles. An additional chapter on British Mammals and the Law is designed to ensure that the naturalist or researcher dealing with mammals is aware of the legal restrictions on their activities.

Paperback reissue 1996 . ISBN 0865427119 . Price £28.50

Order Form

Please return to Anna Rivers at the address opposite:

- Please send me ___ copy/ies of *Corbet: Handbook of British Mammals 3e* (ISBN 0865427119) @ £28.50 plus £1.75 postage and packing
- I attach a cheque (payable to Blackwell Science Ltd) for the sum of £_____
- Please charge my AMEX/Diners Card/Eurocard/Mastercard/VISA/JCB

card number _____ expiry date _____

with the sum of £_____ Signature _____

ORYX: NOTES FOR CONTRIBUTORS

Scope *Oryx* is the journal of Fauna & Flora International whose mission is 'To safeguard the future of endangered species of animals and plants'. *Oryx* publishes information on the conservation of threatened species and habitats world-wide.

Readership The readership is broadly based and international. It includes conservation professionals, members of academic institutions with wildlife conservation specialisms, governmental departments, non-governmental conservation organizations, students in conservation-related disciplines and interested members of the general public.

Content *Oryx* publishes articles, Guest Editorials, News and Views (opinions, letters concerning material appearing in the journal, issues of topical interest, new discoveries.), and Briefly – an international digest of conservation news. Guidance on submitting papers is given below. Those wishing to contribute to other sections of the journal should contact the editor.

Submissions: to the Editor, FFI, Great Eastern House, Tenison Road, Cambridge CB1 2DT, UK.

Papers

Manuscripts submitted for consideration should be appropriate for the readership and should focus on the conservation of threatened species

Papers occupying fewer than three pages of the journal are accepted as **Short Communications**.

Papers are accepted on the understanding that their contents have not been published, or submitted for publication, elsewhere. A covering letter accompanying the manuscript should confirm this. If there is any overlap with other papers, e.g. in press or in prep., this should be stated and the papers in question sent to the editor. The corresponding author must confirm that all authors are aware that the manuscript has been submitted.

All submitted manuscripts are reviewed by at least two referees. It is helpful if authors suggest at least one referee who is qualified to judge the work objectively.

After acceptance papers may be edited to enhance clarity. Where major changes have been made edited manuscripts are returned to authors before type-setting. Page proofs are sent to authors for approval before going to press. Correspondence authors receive two free copies of the journal and will be entitled to buy additional copies and off-prints at cost price.

Preparation of manuscripts Contributions should be in English, be concise and readable, and should avoid jargon. Articles should be as short as possible, preferably under 3000 words. Manuscripts should be typed on one side only and double-spaced on A4 paper, with a left-hand margin of at least 40 mm. Three copies should be submitted.

An Abstract should describe the purpose of the paper, outlining any major findings or points, and

stating the main conclusions. It should be concise (between 100 and 250 words long), informative and intelligible without reference to the text.

Footnotes should be avoided but, if necessary, should be indicated with asterisks in the text. The author's name and postal address should follow any acknowledgements and references.

References should be cited in the text as, for example, Hardcastle and Wilson (1996) or, if in parentheses, as (Leadbeater, 1996). Where there are three or more authors use the first authors surname followed by *et al.* Multiple references should be listed in chronological order. The reference list should be in alphabetical order and include the full article title. Titles of serial publications should be given in full. References at the end of the paper should follow the Harvard system. The following are examples of house style.

Author, A.B. and Author, B.C. 1996. Title of article. *Journal Title in Italics in Full*. 00 (Suppl. 2), 000–000.

Author, A., Author, B., Author, C. *et al.*, [if more than 6]. In press. *Book Title* (ed. A. B. Editor). Publisher, Place.

Author, A. and Author, B., Jr. 1989. Chapter title with lower case initials except for proper nouns etc. In *Book Title in Italics, Vol. 1. Upper-case Initials to Nouns etc.* (eds A. B. Editor and C. D. Editor), 2nd edn, pp. 00–00. Publisher, Place.

Author, A. 1996. *Thesis title with lower-case initials to words except proper nouns etc.* PhD thesis, University.

Author, A. In press. *Rapport sur quelque fois*. Report no. 1, Institution Name in Full, Place [in French].

Author, A. 1996. Abstract title. In *Symposium on How to Present References* (ed A. B. Editor), pp. 62, abstract 500. Publisher, Place.

Illustrations are welcomed and ideally should be glossy, black-and-white whole-plate prints. Good colour slides are acceptable if black-and-white photographs are not available. Plates are not normally given figure nos. Captions for photographs should be typed on a separate sheet.

Figures Maps and figures should be in black ink on strong white or translucent paper and should not be labelled. Lettering on maps and figures should be sent on a separate copy of the figure.

Tables Each table should be self-explanatory and typed on a separate sheet with an appropriate caption. **Scientific names** should not be placed in parentheses where they follow English names: Thus: clouded leopard *Uncia uncia*. Species' names should follow a named checklist, which should be mentioned in a covering letter. The first time a species is mentioned its scientific name should be given. English names should be in lower case throughout except where they incorporate a proper name.

Oryx is covered by *Biological Abstracts*, *Current Awareness in Biological Sciences* and *Ecology Abstracts*.

Contents

Cover
Rafflesia hasseltii, Kerinci Seblat
National Park, Sumatra, Indonesia
Jeremy Holden/FFI

- 77 Editorial
• The need for wildlife surveys
- 78 Savannah Perspective
• Biodiversity and base values
- 80 News and Views
• Important findings by FFI team in Kerinci Seblat, Sumatra, Indonesia • Discoveries and priorities for mammals in the freshwater forests of the Niger Delta • New threats to the Okavanga Delta of Botswana • Letters: Status of the saola *Pseudoryx nghetinhensis*; Mammals of Namcha Barwa, Tibet; Disinformation campaigns and indigenous peoples
- 94 Briefly
- 111 The African elephant: conservation and CITES
Robin Sharp
- 120 Recent history and status of the Mongolian gazelle in Inner Mongolia, China
Xiaoming Wang, Helin Sheng, Junghui Bi and Ming Li
- 127 The status and management of the Mongolian gazelle *Procapra gutturosa* population
Badamjavyn Lhagvasuren and E. J. Milner-Gulland
- 135 Status and distribution of the Pemba flying fox *Pteropus voeltzkowi*
Abigail Entwistle and Nadia Corp
- 143 Preliminary observations on the Sumatran rhino in Way Kambas National Park, Indonesia
Joanne Reilly, Guy Hills Spedding and Apriawan
- 151 Short Communication
The status of the Sumatran rhinoceros in north-eastern India
Anwaruddin Choudhury
