TRADING POWER

West Germany's Rise
to Global Influence,
1963-1975

William Glenn Gray,
Purdue University

“Trading Power is the single best and most complete analysis of West Germany’s rise to dominance in cold war Europe. Based on extraordinarily in-depth research, Gray skillfully and clearly tells the story of the diplomatic, political, and economic development of German power within the European community, the Atlantic alliance, and the international system. This history is essential to understanding Germany’s significance in shaping the liberal world order and its changing position in today’s Europe. It is a must-read for policymakers and students alike. A real triumph!”

Thomas A. Schwartz, author of *Henry Kissinger and American Power: A Political Biography*

INSTRUCTIONS FOR CONTRIBUTORS

Contemporary European History covers the history of Eastern and Western Europe, including the United Kingdom, from 1918 to the present. By combining a wide geographical compass with a relatively short time span, the journal achieves both range and depth. It is open to all forms of historical enquiry – including cultural, economic, international, political and social approaches – and welcomes comparative and transnational analysis.

Submissions

Authors wishing to submit articles for publication should do so through the journal's online submissions system at <http://mc.manuscriptcentral.com/conteurohistory>.

Articles should normally be about 8,000 words long, not including footnotes. Review articles should not exceed 6,000 words, including footnotes. The journal also considers special issue proposals. Please contact the editors for details.

The journal is published in English, and contributions are normally submitted in that language; however, we will also consider articles submitted in other major European languages. If accepted for publication, these will be translated. All articles, including those commissioned, will be refereed.

Submission of an article will be taken to imply that it is unpublished and is not being considered for publication elsewhere. On acceptance of an article, the author will be asked to assign copyright (on certain conditions) to Cambridge University Press. An article cannot be published unless a signed copyright form is returned promptly.

Contributors are responsible for obtaining permission to reproduce any material in which they do not hold copyright and for ensuring that the appropriate acknowledgements are included in their text.

Contributors must keep closely to the journal's stylistic conventions. The editors will return any contribution which does not follow the conventions for correction.

Before submitting, prospective authors should refer to the full set of Instruction for Contributors by following the link at <https://www.cambridge.org/ceh>
