## Traditions of Performance

*Farley P. Richmond, Darius L. Swann,  
and Phillip B. Zarrilli, editors*

---

*Indian Theatre* expands the boundaries of what is usually regarded as theatre in order to explore the multiple dimensions of theatrical performance in India: from rural festivals to contemporary urban theatre, from dramatic rituals and devotional performances to dance-dramas and classical Sanskrit plays. "...synthesizing a wealth of historical, literary, and ethnographic material ... [and] by placing their findings within contemporary conceptual frameworks, the editors and their collaborators bring into focus what is fundamental about this most varied of the world's theatrical cultures." - James R. Brandon

# THE THEATER OF THE MAHABHARATA

## Terukkuttu Performances in South India

*Richard Armando Frasca*

---

With performative roots stretching back two millennia, to the earliest levels of developed Tamil culture, the *terukkuttu* - the rich, powerful ritual theatre tradition of Tamilnadu, the Tamil-speaking area of south India - is an important mode of mythic re-enactment, particularly in connection with the most vital Tamil version of the *Mahabharata* epic. By examining its historical background, literary corpus, performing techniques, and ritual contexts, Richard Frasca shows that is a theatre form that transmutes textual narrative into sacred time and space, ritually restoring and renewing the villages and festivals that sponsor its performances. This first major study of the genre is pioneering in its approach; it casts new light on the relationship between theatre and ritual and the role of performance in society.

# Inside The Royal Court Theatre, 1956-1981

## Artists Talk

*Edited by Gresdina A. Doty and Billy J. Harbin*

"The 1981 conference celebrating the twenty-fifth anniversary of London's Royal Court Theatre was a magnificent achievement of LSU's theatre department in that it brought a unique array of the most important personalities- directors, writers, actors, designers, technicians - responsible for that seminal theatre to Baton Rouge. The transcript of the conference provides an incomparable survey of that important segment of theatrical history. And the form in which the material is presented - as a well-edited transcript of actual exchanges of views - is livelier and more dramatic than most straight accounts of theatre history." - Martin Esslin

"...informative and highly readable". - *The Observer*
