

MRS reports election results for 2014

www.mrs.org/governance

Members of the Materials Research Society have elected a Vice President (who will serve as President in 2014), a Secretary, and five directors to join the 2014 MRS Board of Directors. The Board is composed of the officers and 12 to 21 directors, established by Board resolution.

The officers of the Society are the president (who serves as chair of the Board), the vice president (who is also the president-elect), the secretary, the treasurer (a position appointed by the Board of Directors), and the immediate past president. Terms of office expire at the end of the year indicated in parentheses. The asterisk (*) designates those who are newly elected. The annual election ended October 16, 2013.

The Board of Directors is organized into the following governing committees: Audit, External Relations, Finance, Governance, Nominating, Operational Oversight, and Planning. Chairs and Members of the committees are either designated by policy or are appointed by the president.
