Annals of Actuarial Science

Published for Institute and Faculty of Actuaries

Editor

Angus Macdonald, BSc, PhD, FFA, FRSE, *Heriot-Watt University, Edinburgh, UK*

Annals of Actuarial Science publishes research papers in all areas of actuarial science. It appears twice yearly, in the Spring and the Autumn, publishing an equal mix of theoretical and applied work. All papers are subject to a rigorous process of peer-review.

The Editor invites submissions in any area of actuarial science or practice, especially papers that are applied in nature. *Annals of Actuarial Science* welcomes papers in life insurance, non-life insurance, pensions, health insurance, finance and investment, econometrics, insurance economics and financial risk management. Original research, review papers, case studies and book reviews will all be considered for publication.

JOURNALS

Journal of Pension Economics & Finance

Editors

Monika Bütler, *University of St. Gallen, Switzerland*

Olivia S. Mitchell, *University of Pennsylvania, USA*

J. Michael Orszag, *Towers Watson, London, UK*

The *Journal of Pension Economics & Finance (JPEF)* is the only academic journal focusing on the economics and finance of pensions and retirement income. The ageing population, together with the shrinking workforce, heralds a growing pensions crisis, which has become a key public policy issue in developed countries and elsewhere. *JPEF* provides a valuable and influential forum for international debate in this area.

The journal publishes original research papers, covering a variety of topics, including pension fund management, the regulation of pensions, and pensions and labour markets.

Guidelines for Contributors

British Actuarial Journal

British Actuarial Journal (BAJ) contains the papers presented to the sessional research programme of the Institute and Faculty of Actuaries along with transcripts of the discussions and debates. It also contains Presidential addresses; memoirs and papers of interest to practitioners. It is anticipated that three parts of *BAJ* will be published annually. For information on presenting a paper, contact Adam Milne, email: adam.milne@actuaries.org.uk

Annals of Actuarial Science

Annals of Actuarial Science (AAS) contains research papers in any area of actuarial science – life insurance, non-life insurance, pensions, health insurance, finance and investment, econometrics, insurance economics and financial risk management – in the form of original research, review papers and case studies.

AAS comprises 2 parts per Volume, issued in spring and autumn and all papers are subject to a rigorous process of peer-review. AAS accepts manuscript submissions through the ScholarOne Manuscripts system at: <https://mc.manuscriptcentral.com/aoas>

For more information on contributing see <http://journals.cambridge.org/aas>
