NOTE

A general index to the first ten volumes of the *American Political Science Review* and the published *Proceedings* of the American Political Science Association was issued in 1916. This index has for some years been out of print. The present index covers the *Review* from the beginning to the end of Volume XX (1926), and also the complete *Proceedings*. Separate publication of the latter was discontinued in 1914. The earlier volumes have been freshly indexed for the new edition. The work has been done by Miss Jessie P. Boswell, of the Indiana Legislative Bureau, with the permission and encouragement of Dr. Charles Kettleborough, director of the Bureau. On behalf of the editors of the *Review*, and of political scientists generally, I gratefully acknowledge the service thus rendered.
