British Journal of Nutrition
An International Journal of Nutritional Science
Volume 124, 2020: ISSN: 0007-1145

Aims and Scope
The British Journal of Nutrition is an international, peer-reviewed journal publishing original papers, review articles, short communications and technical notes on human and clinical nutrition, animal nutrition and basic science as applied to nutrition. Correspondence is encouraged in a Nutrition Discussion Forum. The journal also publishes supplements on topics of particular interest.

The British Journal of Nutrition is published twice monthly by Cambridge University Press on behalf of The Nutrition Society. The British Journal of Nutrition is available online to subscribers at journals.cambridge.org/bjn.

Tables of contents and abstracts are available free at the same website.

Editor-in-Chief
J C Mathers, Newcastle University, UK

K Martin, University of Leeds, UK

The Nutrition Society has as its objective the advancement of the scientific study of nutrition and its applications to the maintenance of human and animal health.

Application of membership is invited from anyone whose work has contributed to the scientific knowledge of nutrition, whether such work has been in the laboratory, the field of the clinic, and whether experimental, clinical, agricultural or nutritional in nature. There is also a student membership scheme with reduced subscriptions.

Partners of The Nutrition Society and application forms for membership are available from The Nutrition Society, 10 Cambridge Court, Floor 20, New York, NY 10006 USA. An International Journal of Nutritional Science
