

THE LATEST FROM WILLIAM B. GOULD IV

One of the enduring legacies of the United States Civil War is that democracy in the workforce is an essential part of societal democracy. But the past century has seen a marked decline in the number of unionized employees, a trend that has increased with the rise of the internet and low-paying, gig-economy jobs that lack union protection. William B. Gould IV takes stock of this history and finds that unions, frequently providing inadequate energy and resources in organizing the unorganized, have a mixed record in dealing with many public-policy issues, particularly involving race.

“A wide-ranging and well-informed appraisal of the possibilities and limitations of labor and employment law in establishing effective collective voice for employees in diverse 21st century workplaces.”

ROBERT FLANAGAN, STANFORD UNIVERSITY.

“Another gem of a book on labor and employment law from the remarkable William Gould. Will be of interest to anyone concerned with the current legal, political and economic environments surrounding workers’ rights and protections.”

MICHAEL REICH, UC BERKELEY

Productive Hierarchies in Global Perspectives: Gendered Skill, Labor Control and Workplace Politics

DIRECTIONS FOR *ILWCH* CONTRIBUTORS: Unsolicited proposals for articles and review essays are welcome, but must adhere to the following guidelines. Prospective authors should submit a 500-word abstract of the work they wish to submit to the journal. The editors are particularly interested in proposals with resonance beyond strictly national historiographies. Submissions should clearly explain the article's research question and argument, note the types of sources the author intends to use, and demonstrate the ways that the article will reflect the journal's commitment to publishing work across geographic regions and historical time periods. (Essays in themselves do not need to be "transnational.") Editors will decide quickly whether they wish to review a full manuscript; authors will then be sent style and submission guidelines. Abstracts for proposed articles can be uploaded at <http://mc.manuscriptcentral.com/ilwch>.
